

# TAFT HAS TELEGRAPHED TO SAN FRANCISCO THAT IT IS EITHER PEACE OR WAR AT ONCE

SAN FRANCISCO, FEB. 1.—THIS CITY HAS A GENUINE SENSATION TODAY IN THE SHAPE OF A TELEGRAM FROM SECRETARY OF WAR TAFT STATING THAT PEACE OR WAR WITH JAPAN DEPENDS UPON THE ACTION OF THE BOARD OF EDUCATION OF THIS CITY. THE TELEGRAM WAS RECEIVED BY A PROMINENT CITIZEN OF THIS CITY AND WAS MARKED "PRIVATE." IT IS STATED THAT THE SUBSTANCE OF THE TELEGRAM HAS BEEN SUBMITTED TO THE MEMBERS OF THE BOARD OF EDUCATION HERE, AND THEY HAVE BEEN IMPOLED TO TAKE IMMEDIATE ACTION TO MEET THE DEMANDS OF THE PRESIDENT AND AT THE SAME TIME SATISFY THE CLAIMS OF THE JAPANESE GOVERNMENT. THE SITUATION HERE IS MOST ACUTE. THE CONSTANT RUMORS OF WAR WITH JAPAN, THE ATTITUDE OF THE JAPANESE OFFICIALS HERE AND IN WASHINGTON HAS INTENSIFIED THE SITUATION, UNTIL NOW MATTERS ARE BADLY MIXED. FOR THE FIRST TIME PEOPLE OF SAN FRANCISCO ARE GETTING EXCITED, FOR IT HAS BEEN INTIMATED TO THEM THAT JAPAN WILL NOT ACCEPT ANY OTHER COURSE EXCEPT THE ONE DEMANDED BY HER OF SOCIAL EQUALITY—THAT IS, THAT THE JAPANESE CHILDREN BE ALLOWED TO ATTEND THE PUBLIC SCHOOLS OF SAN FRANCISCO ON AN EQUAL FOOTING WITH THE WHITE AMERICAN CHILDREN. IN OTHER WORDS, THE JAPANESE GOVERNMENT REFUSES TO ACCEPT THE ULTIMATUM OF THE BOARD OF EDUCATION OF THIS CITY THAT IT WILL NOT PERMIT THE JAPANESE CHILDREN TO ATTEND THE SCHOOLS FOR WHITE CHILDREN, BUT THAT IT WILL PROVIDE IN THE FUTURE, AS IT HAS DONE IN THE PAST, A SCHOOL COMPLETELY FITTED AND EQUIPPED

WITH COMPETENT TEACHERS, KNOWN AS THE ORIENTAL SCHOOL. THERE IS NOW NO QUESTION BUT WHAT SECRETARY TAFT AND PRESIDENT ROOSEVELT ARE DRIVEN TO EXTREMES. THE SITUATION WAS NEVER MORE ACUTE THAN IT IS TODAY. WHILE HERETOFORE IT WAS THOUGHT THAT THE RUMORS OF WAR WERE SIMPLY THE RAVINGS FROM THE YELLOW PRESS REPORTERS, IT HAS NOW COME TO PASS THAT THE SITUATION IS SO SERIOUS THAT THE STATESMEN OF AMERICA HAVE ABOUT ALL THEY CAN HANDLE TO STRAIGHTEN OUT THIS DELICATE QUESTION. THAT JAPAN IS STANDING PAT AND WILL NOT RETREAT ONE INCH IN HER DEMANDS IS EVIDENCED BY THE FLOOD OF TELEGRAMS THAT HAVE BEEN RECEIVED IN THIS CITY DURING THE PAST TWENTY-FOUR HOURS. IT IS NOW UP TO THE SAN FRANCISCO BOARD OF EDUCATION TO GIVE AN IMMEDIATE ANSWER TO THE PRESIDENT'S DEMAND.

There she stands, "the most pathetic figure in the world," said Clara Morris in writing of the Thaw trial. "You can't open a door in the entire case unless you find Evelyn Nesbit Thaw back of that door. She stands in every avenue that leads into or out of the case."

District Attorney.

E. R. Dille, pastor of the First Baptist church, returned to the city today from a ten days' trip at San Francisco. He was interviewed by the Tribune, and he said that he was perfectly amazed over the situation created by a recent sermon in a local church, who had urged underpaid employees to barter their womanhood, in order to illustrate certain social and moral conditions existing in the community. "The matter has been magnified un-

## DEADLY POISON FOR MEDICINE NEARLY ENDS LIFE OF MAN

C. W. Bennett Takes Corrosive  
Sublimate and Hastens to the  
Hospital.

Through a mistake in the medicine he was taking for treatment of the kidneys, C. W. Bennett, fifty-nine years of age, residing at 517 Twelfth street, nearly ended his life this morning, and he is still in a precarious condition. Bennett thought he was taking a tablet of utroprolin, but instead, the compound he swallowed was the deadly tablet of corrosive sublimate, which is used by doctors as a disinfectant. As quickly as Bennett felt

the pains in his stomach he made haste to the receiving hospital. He was nearly dead when placed on the operating table, and Dr. Irwin and Steward Borchert administered antidotes and applied the stomach pump. The drug took such a deadly effect on the patient as he had had no breakfast and the poison had no opposition on the delicate tissues of the stomach. Bennett is a piano tuner and has a cousin named Brewer residing at 1755 Clement street, San Francisco.

## JURY TO TRY HARRY THAW HAS BEEN CHOSEN

MOTHER OF THE PRISONER UNABLE TO APPEAR;  
ATTORNEY DELMAS IS  
AGAIN IN COURT ROOM.

NEW YORK, Feb. 1.—The Thaw jury is completed.

NEW YORK, Feb. 1.—A sensation was caused in the Thaw trial this afternoon when a talesman under examination declared he had been spoken to in a general way about the case in coming into court.

"Rodger O'Mara, stand up," commanded Assistant District Attorney Garvin. The Pittsburgh detective appeared for the first time in the case.

"Did you speak to that man?" inquired Mr. Garvin of the talesman.

"No," he replied.

Thaw's attorneys protested against the action.

NEW YORK, Feb. 1.—The morning session of the Thaw trial ended today without the selection of a man to complete the twelve needed to try the case.

Thirteen talesmen were examined, the defense twice interposing peremptory challenges when it seemed that the trial jury was about to be completed.

Rumors that another juror, or possibly two more, may be excused from further service were again in circulation today, and when Justice Fitzgerald set back the hour for the afternoon session to 2:30 at the request of District Attorney Jerome, it was generally understood that there was to be a further consultation between counsel as to the advisability of again weeding out the trial panel.

All hope that the taking of testimony can be reached before next week has been abandoned. The court will not sit tomorrow.

Thaw's counsel continued today to ply the talesmen with questions as to what consideration they would give to a plea of insanity. During this part of the examination the defendant seldom looked at the talesmen, but kept his glance upon the table before him.

All the witnesses for the prosecution were in the offices of the district attorney, this morning

## USBAND SCOT WRECK CAUSED BY LANDSLIDE

REDDING, Feb. 1.—A big landslide a mile and a half north of Smithson yesterday caused the wreck of north-bound passenger train No. 16. An immense body of debris covered the track for a hundred feet near a curve. Engineer Potter could not see the obstacle and the engines plunged into it, carrying the mail and baggage cars until the boulders on the track stopped the train. Both engines were disabled and the train stalled for six hours. Extra engines and crews were sent down from Dunsmuir. The track is not clear this morning, but trains can pass. A slide this morning in Cow Creek canyon, Oregon, caused twelve hours' delay to all southbound trains. Heavy rains continue throughout the north. The Sacramento river is rising rapidly and is higher than for several years. The snow is almost gone at Sisson and Dunsmuir and points north of there.

## SLEEPERS DRIVEN OUT BY FIRE

BERKELEY, Feb. 1.—A scene of panic was created at an early hour this morning in an apartment house at Adelphi and Harmon streets, South Berkeley, by a blaze in the dry goods store of S. S. Bowen, which occupies the ground floor. The alarm was given by one of the lodgers, who smelled the smoke as it issued through the floor. Within two minutes men, women and children to the number of fifteen or twenty were out on the sidewalk in various stages of undress. The fire department was on hand within five minutes after the alarm had been turned in, but it was some time before the fire itself could be located so dense was the smoke. Most of the damage was done by water. The loss is stated as under \$250.

## CONFESION OF BANK ROBBERS

LOS ANGELES, Feb. 1.—According to the police, Von Hohenenthal, one of the three young men held in the city jail on the charge of having perpetrated the numerous recent bank and post-office robberies in Southern California, has confessed. In addition it is asserted that he has revealed the places where some of their loot, burglars' tools and a quantity of nitro-glycerine are hidden. The young men gave their names as Thomas Griffith, Thomas Martin and Paul Carl von Hohenenthal. Some of the burglaries which are credited to the trio are:

## BABY MURDERED BY A WOMAN

DES MOINES, Iowa, Feb. 1.—Mrs. Fred West, proprietor of a "baby farm," was arrested today on a charge of murder in the first degree, it being alleged that she put an infant to death by means of laudanum, used because of its blindness. She will be given a preliminary examination tomorrow.

## MASKED MEN HOLD UP A CAR

LOS ANGELES, Feb. 1.—Two masked men last night held up a street car on the Santa Fe avenue line at Santa Fe avenue and Joy streets, and presenting pistols to the heads of the motorman, conductor and the single passenger, compelled them to give up their cash and valuables. J. Bradford, the only passenger on the car, was relieved of a small amount of money.

## TRAFFIC IN SLAVE GIRLS DIRECTED BY LEADING CITIZENS

Sensational charges that prominent citizens are directly interested in traffic in Japanese and Chinese slave girls were made yesterday afternoon at meetings of the Women's Purity League in Oakland and the W. C. T. U. in Berkeley. The names of such citizens were made public in signed statements, mentioning also the locations of the resorts, their fees and the rent paid. The prominence of the accused, as well as the accusers, makes the charges most grave, and further revelations may be looked for in the course of the campaign which the women have entered into.

## Charges Made by Woman's Purity League.

Accusations of a most startling and sensational nature were made against prominent Oaklanders yesterday afternoon at the initial meeting of the Women's Purity League held at Grace M. E. church.

Mrs. Elizabeth Andrew and Mrs. Bushnell, missionaries recently from the Orient, who have investigated Oakland's Chinatown, and who addressed the meeting, made the assertion that there is a syndicate in Oakland, led by well known business men,

## Men Are Named in Signed Papers.

BERKELEY, Feb. 1.—"There are more than one hundred Japanese slave girls, many of them children of fourteen or fifteen years, in one house in Oakland," declared both Mrs. Katherine Bushnell, M. D., and Mrs. Elizabeth Andrew, at a meeting in Berkeley Wednesday afternoon of the Women's Christian Temperance Union.

These two women, both eminent missionaries, told of visiting large illegal resorts where Japanese girls

## ON FEDERAL BENCH

There is a new collector of Port Fred S. Stratton is not seeking the place and he would not accept. That is the word some of the members of the delegation here have received. It is stated on the best of authority that Judge Van Fleet will be named for the position. He has the united support of the California delegation and will undoubtedly get the judgeship.

## LIFE LIKE BROTHER

Feb. 1.—Edward of the late Frank was found in his bed with a bullet wound in his head. He was hurried to a hospital, but died on the way. Mr. Hippel was about 70 years of age and had been in the real estate business. The police say they have not learned the cause for the suicide, but it is believed he brooded over the tragic ending of his brother's life.

## VISIT PRESIDENT ROOSEVELT

SAN FRANCISCO, Feb. 1.—The members of the local Board of Education will leave in a body for Washington on Sunday morning, where they will discuss the Japanese situation with the Administration.

Mayor Schnitzler is to leave with them. He says he has a telegram from President Roosevelt, asking him to go with the board.

# THAW JURY IS COMPLETE

Case Will Be Read for Real Trial Next Monday Morning Sure.

(Continued from Page One.)

with some few exceptions. They were resubpoenaed for Monday and ordered to leave the court building without delay.

NEW YORK, Feb. 1.—There was more or less of an atmosphere of uncertainty in the courtroom today as the hour for resuming the Thaw trial approached. The reports which had held over from yesterday to the effect that there might be a further wedding of the jury were again in circulation, as the eleven men now on the trial panel filed in to take their places in the jury box.

The courtroom was crowded with talesmen, the new fourth panel of 100 having reported, and sixty remaining of the panel which reported yesterday. Some of the talesmen found their way into the seats reserved for the Thaw family, but they were routed out when Evelyn Nesbit Thaw and May MacKenzie arrived shortly before 10:30.

## THAW'S MOTHER ABSENT.

Mrs. William Thaw, mother of Harry, was absent today because of the inclement weather.

Before any talesmen were called to the stand, District Attorney Jerome, Mr. Harridge and Justice Fitzgerald had an earnest conference at the judges' desk, but it was apparently fruitless, as no announcement of result was forthcoming.

With one vacant seat in the jury box this morning, the defense had eleven peremptory challenges left under the dispensation of yesterday, by which ten challenges of this character were additionally allowed each side. The prosecution had twenty challenges at command.

## DELMAS IS PRESENT.

Thaw's array of counsel was complete today. Mr. Delmas, who appeared yesterday afternoon for the first time after an illness of several days, being again in his place.

"I don't understand it that way at all," objected Mr. Harridge.

The district attorney turned sharply on Thaw's counsel and snapped:

"I can't be responsible for your understanding."

The defense won its point and Guffin was let go by consent.

Isaac W. Joseph, an artist, also was excused by consent and then recess was taken until 2:30 p. m.

The artists having been banished from the courtroom, the Countess of Yarmouth and Mrs. Carnegie removed their veils soon after they took their seats. Mrs. Thaw, however, had not once lifted her veil.

It appeared for a time as though the second talesman might prove to be the twelfth juror. He was Walter C. Gilbert. Mr. Gilbert passed through the jury requirements laid down by Mr. Jerome, who announced that the people were content. To Thaw's counsel, however, Gilbert admitted it would take a weight of evidence to remove a previously formed opinion.

When Mr. Jerome again took him in hand, the talesman declared that in spite of his opinion and prejudice, he could decide the case upon the evidence adduced at the trial, and nothing else.

The challenge for cause entered by the defense was overruled by Justice Fitzgerald, who supplemented his decision by a nod calling the lawyers to his desk. As a quick result of the conference Mr. Gilbert was excused by consent.

## PLEA OF INSANITY.

Shortly before noon today the defense prevented the completion of the trial jury by peremptorily challenging Charles Rauchfuss, a real estate dealer. The talesman had an opinion, however, and this fact did not seem to please Thaw's lawyers.

During the examination of this talesman, Mr. Gleason of the defense again brought in questions tending to show that a plea of insanity will be the mainstay of the defense. He asked Rauchfuss if he would give the defendant the same benefit of reasonable doubt on an insanity plea as he would any other form of defense.

He declared he would. After a consultation of Thaw's attorneys and after Mr. Jerome had declared the people were content, the defense interposed its thirtieth summary challenge.

Herman Pichel, an importer of fancy goods, had too strong an opinion to serve.

## SUSTAINS CHALLENGE.

Justice Fitzgerald sustained a challenge for cause made by the prosecution against David A. Arrowsmith, Jr., a carpet manufacturer, who declared that he would require removal of every possibility of a doubt before he would convict in a case involving a penalty of death.

Thaw's attorneys fought to have Arrowsmith accepted. The talesman said he would not entertain any doubt in

the case that was not reasonable, and that he would decide the case on a logical conclusion, based entirely on the facts brought out at the trial.

Justice Fitzgerald sustained a challenge entered by Mr. Jerome on the ground that the talesman was more exacting than the law.

Four succeeding talesmen were excused by consent.

The defense again prevented the filling of the jury box by a peremptory challenge against John S. Busch, a coal dealer, who said the firm of McKim, Mead & White had been the architects of his residence.

Solomon F. Blogg, a manufacturer of women's garments, was excused on the plea that his business required his daily attention, and that if he had to serve upon the jury his mind would be so distracted he could not give proper consideration to the evidence.

## BATTLE BETWEEN COUNSEL.

There was a battle of counsel over Charles W. Guffin, a clerk of the American Express Company. Thaw's counsel objected many times to questions propounded by Mr. Jerome and in several instances was sustained. Then there came a flash of feeling such as was displayed yesterday. Mr. Jerome said he understood the talesman to mean that he had no doubt at all of his ability to judge the case impartially.

## THAW DISAPPOINTED.

NEW YORK, Feb. 1.—Tarry K. Thaw was the most disappointed man in the courtroom yesterday when, after another day of strenuous work, counsel failed to complete the jury to try him for shooting Stanford White. Thaw has been exceedingly anxious for the real trial to begin and felt sure, when court opened, that this would occur yesterday. He was soon apprised, however, of the fact that the jury was not to be completed until the morning.

Thaw has been exceedingly anxious for the real trial to begin and felt sure, when court opened, that this would occur yesterday. He was soon apprised, however, of the fact that the jury was not to be completed until the morning.

Today, if the twelfth juror is secured and some excuse is made, District Attorney Jerome will address the court and the jury, stating the case and outline of the prosecution. He will be brief and his witnesses establishing the fact of the tragedy will be put on.

## MAY MEET SATURDAY.

In this event it is hardly likely that court will be held on Saturday, but if it is, the jury will be in court tonight, there is every reason to believe that the jury will sit Saturday and the examinations will be continued all that day. Testimony is expected to begin Monday morning.

It is evident that while the selection of the jury is in progress, Assistant District Attorney's office is making a close investigation of those already chosen, and that Mr. Jerome is determined to be sure he has the best possible jurors from every point of view before the trial proceeds to the hearing of testimony.

Since the examination of the talesmen was begun on Wednesday of last week no less than six of the jurors sworn in have been excused. Such a wedding cut never before took place in a trial in New York. It has occasionally happened that one or two have been dismissed.

## MANY LAWYERS PRESENT.

The extent of the legitimate outside interest in the trial of Thaw is shown by the visitors to the court—visitors who are not, apparently, actuated by curiosity merely.

Chief Justice Philpott of the Court of Appeals of Manitoba has spent a good part of the time consumed in the examination of talesmen studying the work of both sides.

Two prominent lawyers of Virginia, attending yesterday's session of the court. One of them was Minnie Poulkes, commonwealth's attorney of Richmond, and the other Harry M. Smith, a famous criminal lawyer of the Old Dominion State, and both carefully studied the methods used in the selection of the jurors.

"Among criminal lawyers, in the judiciary and among the people the trial is causing the keenest interest in Virginia, as I suppose it is in other parts of the country," said Mr. Smith.

## MEN ARE NAMED IN SIGNED PAPERS

brought here as slaves. Many of them, it was said, had been sold by their parents in Japan; others had been lured from their homes by deceit.

It was declared that few had come with knowledge of their fate, and that many of them are even yet ignorant as to what part of the world they are in.

## BOLDLY NAME OWNERS.

The speakers boldly named as owners of these places men prominent in Oakland—one of them a school director—and said that not only had these men full knowledge of the use to which their buildings were put, but they had such knowledge before the houses were built; that they had gone to builders beforehand and had been refused their services by some of the builders when they told what was wanted.

## NEAR COURT HOUSE.

It was mentioned that two of the largest places of this sort are on Alice street, only four blocks east of Broadway, and within six blocks of the county court house. The speakers declared that all the vices peculiar to the Japanese are prevalent in America, and "more so in Oakland than in any other city in the land."

# STATEMENT OF DR. DILLE

Refuses to Make Public the Name of the Guilty Milliner He Accuses.

be made to a quack doctor who had been guilty of a criminal operation. DID NOT FLEE THE TOWN.

"What hurt me more than anything else, however," added the doctor, "was the statement that I had left town, putting it in a way to insinuate that I antedepated a storm and had fled in order to let it blow over rather than face it out. As a matter of fact, nothing was further from my mind. I have been well known in this community for thirty years past and I have never yet shirked responsibility for any statement I have made.

## BOUGHT HEALTH.

"I had made all arrangements to go to St. Helena for the benefit of my health, under my physician's instructions, before the sermon was delivered to which the extemporaneous remarks which have raised such a furore were made supplementary to the sermon as it was written in manuscript."

## WILL NOT DISCLOSE NAME.

"It has been stated, Dr. Dille, that you would reveal the accused milliner's name to any one desiring to know it. Will you disclose it to THE TRIBUNE?"

"On that point I have either been misquoted or misunderstood, for I never promised to disclose the name, and I must refuse to reveal it to THE TRIBUNE. I have a letter from District Attorney Brown promising to call upon me for the name. If I should give it to him it will be under a pledge of professional secrecy. I may send him, however, to the woman who was my informant and let her tell if she wants to do so.

## SUSPECTS A POLITICAL PLOT.

"Candidly, altogether too much has been made of an insignificant statement. But I believe it has been stirred up for political purpose to obscure some other statements in the same discourse affecting certain civic conditions and the morality of some of our councilmen. It looks as if the milliner agitation had been started purposely to distract public attention from the statements regarding the councilmen and nothing more. There was certainly nothing in the statement that I made regarding this one milliner to induce every one, in the business to consider it to be a personal reflection which needed resenting."

## CHARGES MADE BY PURITY LEAGUE

(Continued from Page One.)

which promotes the traffic in Chinese and Japanese slave girls. Among the men attacked were George W. Johnston, the real estate dealer, with offices at 111 Bacon building; Ben F. Woolner, of the board of education, and a prominent lawyer, and intimated that Chief of Police Wilson partly directed the traffic.

## ARE 125 SLAVES.

The women declare there are more than 125 slaves here now, and that another hundred are expected soon. Another meeting of the league will be held Sunday evening at the Golden Gate Baptist church, when committees will be formed to devise a plan for concerted action and a direct campaign against the conditions.

In a signed statement issued by these women, it is said:

## LEASED TO WOMAN.

"The ground upon which one house stands was leased to an Oakland woman, whose name does not appear in the directory, by George W. Johnston, for fifteen years. The manager of this house told us the building belonged to 'Woolner & Johnson.' We have been shown a receipt for the rent for a shop in the building made out on the printed receipt form of 'Woolner & Co.' This Woolner is an attorney of the firm of Gibson & Woolner, and a prominent member of the Oakland Board of Public Instruction."

The houses are within five or six blocks of Oakland's court house and Hall of Records, the two missionaries say.

## PAYS \$402 A MONTH.

"According to the records at the latter place," says their statement, "Mr. Johnston leased the ground (of one house) from E. L. Arnest, for a monthly rent of \$150, and erected a flimsy structure upon it. He and Dr. Olmstead now rent a small portion, the rooms in the heart of the building, to two Chinese men and one white man, George W. Zoebel, for \$402 a month. This means immense profits on investments. It seems plain, and we have been so informed on good authority, that the object of the entire building with its theatre is for evil purposes."

"Diagonally across the street and facing on Alice street, occupying one-half block, is the other place for Japanese girls. We have been told more than once that the chief of police requires that all Japanese girls of immoral life in Oakland shall live in one of these two places."

# JAPS MEET IN LOS ANGELES

Obtaining Support to Protest to Bill Introduced in State Legislature.

LOS ANGELES, Feb. 1.—Members of all of the Japanese associations of America are in Los Angeles at present engaged in obtaining the support of the local Japanese to a protest to be filed by all of the 23 chapters of the general organization to the bill now pending before the Legislature of California to prohibit all who are not citizens of this country from buying or leasing land.

Secret meetings are being held by the Japanese in a hall at First and Main streets, and it is said that other subjects having to do with the welfare of the Japanese in America are being considered. Goukka Ikeda, a Columbia University graduate, who is secretary of the association, is reticent in discussing the proceedings of the meetings. K. Abiko, president, and K. Ueda, treasurer of the Japanese association, are also in the city and taking part in the meetings. All are staying at high-class tourist hotels and appear to have ample funds for their work.

The officers are all from San Francisco, where the headquarters of the association is located. The organization was formed three years ago.

## FIRE DESTROYS EIGHT BUILDINGS

HARRISBURG, Pa., Feb. 1.—Eight buildings in the center of the business district of this city were either destroyed or badly damaged by a fire early this morning involving a loss estimated at \$1,000,000. The Grand Opera House block, in which were five stores, was destroyed, and nothing remains standing but the walls.

A building on the opposite side of the street, occupied by the Columbia hotel, was badly damaged by water and fire. The United Telephone company, the Security Trust company, the Bijou theater, College block and the buildings occupied by the Harrisburg Typewriter company, E. C. Hoover, jeweler, and others were damaged.

The fire started from an explosion in Pyness' store in the opera house block. Within an hour it had left the playhouse and had leaped across the street to the Columbia hotel and College block. The opera house was owned by a Harrisburg syndicate.

The wardrobe and scenery of the Champlin stock company, which was playing at the opera house this week, was destroyed, the loss being \$25,000.

# THOUSANDS HAVE KIDNEY TROUBLE AND DON'T KNOW IT

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, therefore, when through neglect or other causes, kidney trouble is permitted to continue, many fatal results are sure to follow.

Your other organs may need attention—but your kidneys most, because they do most and should have attention first.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable curative power has been proven in thousands of the most distressing cases. If you need a medicine, you should have the best.

WILSON, Conn., Feb. 18, 1906.

DEAR SIR:

A man could not be in any worse condition than I was with kidney and bladder troubles. I doctored with several good doctors and one physician told me I had Bright's Disease and that I would not live over six months. Another told me it was gall stones. I had severe pains in my kidneys all the while, could not stop over, would be dizzy, could not lie down without someone helped me up; my back was weak and pained me; urine was as thick as cream and it would scald me something dreadful. I had to get up many times in the night to urinate.

I took Swamp-Root and today I am a well man and never felt better. All of my troubles have gone and show no signs of returning. I take my oath that Swamp-Root put me where I am today and I can prove it by acquaintances.

Very truly yours,

E. H. RAND.

EDITORIAL NOTE—In order to prove the wonderful merits of Swamp-Root, you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women who found Swamp-Root to be just the remedy they needed. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. ## WHY MAYOR SCHMITZ GOES TO WASHINGTON

He Will Have to Get the Permission of Judge Dunne Before He Can Leave the State.

SAN FRANCISCO, Feb. 1.—After a one in Washington, saying that his presence was urgently needed.

As Schmitz is under bonds, to appear for trial it will be necessary for him to obtain Judge Dunne's permission to leave the State.

President Walsh today received a message from Congressman Hayes, reading:

"Come at once."  
This was in answer to the board's message sent last night. The party will leave here at 10 o'clock Sunday morning.

## GETTING THE PRIMARY LAW INTO LEGAL SHAPE

Committee Will Pay Visit to the Two State Homes in This County—Keeping Food Pure.

Special to THE TRIBUNE.

SACRAMENTO, Feb. 1.—The direct primary bill will not go through the senate without amendment. There was nobody to impede its passage in the assembly, but, when it reached the senate committee there were members there who, while they did not feel disposed to attack the measure because of its requirements, did object to its going through without an understanding having been reached that their should still be retained some law for primaries of the old school. In the event that the amendment should not carry, and also that a new direct primary law which, after passage, should be declared unconstitutional.

There was quite a fight on the subject in the senate committee, and, at length, under the leadership of Senator Leavitt, the proposed amendment was adopted, and will unquestionably be adopted in the senate. The amendment will then have to go back to the assembly, where it will undoubtedly be agreed to.

VISITING COMMITTEES.

There is scarcely more than a quorum these days in the assembly because, with the absence of members who are not in good health, are to be numbered the members of committees on commerce and navigation, fish and game, public buildings and grounds, State hospitals and asylums and State prisons and reformatories, who are now visiting institutions in all parts of the State. In these committees there are forty-nine members.

VISIT ALAMEDA COUNTY.

The committee on public buildings and grounds will visit the California Institution for the Deaf and the Blind at Berkeley and the Industrial Home for the Blind in Oakland.

There is no question that the latter institution will, in this instance, be remembered, regardless of the fact that other State institutions are making heavy demands upon the money of the State.

SENATOR LUKENS.

The Industrial Home for the Blind is located in the district which is represented by Senator Lukens of Oakland, who is now on a trip in the Orient. The institution, however, has not been overlooked for the reason that Senator Leavitt, himself a resident of Oakland and thoroughly qualified to speak for the Industrial Home for the Blind, has been representing Senator Lukens in the matter, and it is needless to say that the members of the senate appreciate, not alone the efforts of Senator Leavitt, but also the wishes of the absent senator, which are voiced in the arguments of Senator Leavitt.

LAW COMPELS PURITY.

There has been no more arduous work done by any committee thus far this session than has been done by

## LAST JUROR IN THE BOX

Court Adjourns the Thaw Case Until Next Monday Morning.

NEW YORK, Feb. 1.—District Attorney Jerome and Mr. Hartridge were the only members of counsel who attended the conference with Justice Fitzgerald. Apparently no agreement was possible, for when the afternoon session began at 2:40 no announcements were made.

Benjamin Townsend, who was said to be connected with the New York Life Insurance Company, was called and examined by Assistant District Attorney Garvin.

LAST JUROR.

Bernard Gelstman was the twelfth Thaw juror selected.

The court adjourned until Monday morning.

WHY SHE HELD BACK.

The little daughter of Representative Burleson of Texas goes to the same school. Quentin Roosevelt attends in Washington. They have a drill each day in marching out of the room. Little Miss Burleson was so placed the other day that she and Quentin Roosevelt were to take hold of one another's hands and march out.

The little girl held back when she saw the President's son with extended hand alongside of her.

"Take his hand," the teacher said.

"I'm sorry, but I can't," Miss Burleson said.

"Why not?" the teacher asked.

"Because I'm a Democrat," she said, and insisted on walking down alone.—Chicago Inter-Ocean

## Chills and Fever Cured

Miss May Coyne, a prominent young woman of St. Louis, Mo., who was a great sufferer from malaria, chills and fever, was cured by DUFFY'S PURE MALT WHISKEY.

"I was a great sufferer for many months from malaria, accompanied occasionally by chills and fever, brought on from living in a swampy section of the country. I tried numerous remedies, with little or no result. A friend advised me to try DUFFY'S MALT WHISKEY, with the result that I am now enjoying perfect health, and do cheerfully recommend it to any one suffering from this disease. Any one is at liberty to write to me as to the good DUFFY'S MALT WHISKEY has done me."

"Hoping this will be of good to some one, I am, MISS MAY COYNE, 230 Lucas Ave., St. Louis, Mo., Nov. 1st, 1906."

Miss May Coyne joins the thousands of men and women who have been cured by this great family medicine, and of her own free will is anxious to tell the people what it has done for her.

## Duffy's Pure Malt Whiskey

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs, they poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere. Duffy's Pure Malt Whiskey has stood severe tests for fifty years and has always been found absolutely pure and to contain great medicinal properties.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal malt whiskey and is sold only in sealed bottles; never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

## SOUTHERN PACIFIC WILL IMPROVE ROAD

ALAMEDA, Feb. 1.—In a letter addressed to City Attorney M. W. Simpson, the Southern Pacific company, through Superintendent Scott, states it is ready to improve its share of the Webster-street roadway, and that as quickly as the Oakland Traction company starts work the roadway between the tracks of the railroad will be improved. The letter from Superintendent Scott was in answer to a communication written by the city attorney under instructions from the trustees to ascertain if the company would do the work.

## COLLISION COSTS MOTORMAN A JOB

ALAMEDA, Feb. 1.—Motorman A. Clare, who was operating car 124 when it collided with a train on the North Shore line last week, has been discharged from his position by the Oakland Traction Consolidated. Clare was a new man on the road, having worked but a week.

## WATER COMPANY FILES ITS REPORT

ALAMEDA, Feb. 1.—The Contra Costa Water company filed with the city clerk this morning a report of its receipts and expenditures for the year 1905. The receipts were \$2,058.54. The expenditures were \$27,217.07. In the expenditure column the company makes no note of interest or general depreciation of their work, which is estimated to be 8.72 per cent.

### CALLED TO WASHINGTON

(By Associated Press.)  
SAN FRANCISCO, Feb. 1.—At a meeting today of the city board of education it was decided that the entire board, accompanied by Mayor Schmitz and Assistant City Attorney Williams, should go to Washington to confer with President Roosevelt and other officers of the government in regard to the school question. They will start for the East on Sunday morning.

### SELLS HOME TO A MINER

Mrs. Melinda L. Stoddard Disposes of Residence in Berkeley.

Mrs. Melinda L. Stoddard moved from her beautiful home at Telegraph avenue and Stuart streets, Berkeley, today, having disposed of the mansion for \$20,000 to F. Horton and wife of Tonopah, who intend to take up their residence in the college town. Mrs. Stoddard has been living in the pretty Berkeley home several years.

Mrs. Stoddard has not made definite plans for the future, but for the next several months or a year she will take up her residence in Eureka, where she has extensive property holdings. In both the city of Eureka and other parts of Humboldt county.

While her mother is in Eureka, Miss Janet Forbes will make a tour of Europe with a party of girls friends and be away about a year. Miss Forbes at present is visiting with an aunt at Rohnertville, in Humboldt county.

### S. P. WILL COMPLETE IRRIGATION SYSTEM

IMPERIAL, Feb. 1.—The Daily Standard today in an article, said to be based on information obtained from railroad sources, declared that in spite of the passage of the Elmer bill by the United States Senate, there is little probability of the government's acquisition of the Imperial Irrigation system, but that the Southern Pacific will complete the system and sell it to the people of the valley on long-term bonds. It states that the reclamation service and the railroad have been unable to agree on financial terms, and also that the railroad stands with the farmers in denying the power of the reclamation service to enter the valley with the "free hand" it demands and give out the rights which the farmers have acquired under the desert-land law.

### WORK BEGINS ON BIG OWEN'S CONDUIT

LOS ANGELES, Feb. 1.—Although no public announcement has previously been made, it is reported that construction work on the great Owens River conduit, by means of which Los Angeles is to bring her water supply from the Owens river in Inyo county, 225 miles to the city, has been in progress for some time and already about a mile of the conduit has been completed. The work was begun at the extreme northern end, where development work was necessary to hold some of the land acquired there by the city. The city has already expended more than three million dollars in bonds and is shortly to vote on another issue of \$2,000,000.

### RUSSELL A. REED PASSES AWAY

After a lingering illness, Russell A. Reed, the youngest son of Attorney George W. Reed, died at Auburn this morning, aged 21 years. The deceased was a well-known member of the theatrical profession, having made his debut in this city seven years ago.

Two years ago he was stricken with consumption, a high fevered illness, which followed his return from the coast. After traveling for months in search of health, he went to Auburn in the vain hope that the high altitude there might repair his shattered vitality. For the past two months death has been hovering over him, but the vitality of the "sufferer" surprised his physicians, and he continued his battle for life until this morning.

Mr. Reed began his career in this city seven years ago at the Devery Theater. Under the direction of Luther Stevens he rapidly developed his talent and for five years past has toured the coast with well-known theatrical companies. Besides his father, the deceased, he has a brother, Clarence Reed, and a sister, Mrs. Harry A. Lang of Los Angeles. The body will be shipped in Oakland for interment, but arrangements for the funeral have not yet been completed.

## ROBS WIFE AND FLEES WITH ANOTHER WOMAN

### Mrs. Charles Busse Applies to the Police for Arrest of Her Husband, Who Is Missing.

Leaving his wife entirely destitute, having even robbed her of a few dollars which she had laid by for a time of need, Charles Busse, residing at 1058 Seventh street, last night deserted the woman who for many years had been true to him, and fled from his home, taking with him, it is alleged, the wife of another. Mrs. Annie Jones, who, with her husband, has roomed for some time at the Busse home, is also missing, and the deserted wife declares that the pair fled together.

### ASKS HIS ARREST.

Mrs. Busse this morning applied to the Prosecuting Attorney for a warrant to the arrest of her missing husband, charging him with having robbed her of more than \$400. Pathetic indeed was the story told by the deserted wife, who, trusting in the honesty of her husband, refused to pay heed, until told by his attorneys that the woman with whom he is alleged to have eloped. The awakening came last night, when, returning from a brief absence, Mrs. Busse discovered that her husband had deserted her.

A hasty investigation proved that, not content with having left her for another, Busse had forced open her trunk and taken from it a sum of money, which his wife had saved, a little at a time, to provide for a day when it might be sorely needed. Every dollar was gone, and all that remains to the wife of her faithless husband are a number of unpaid bills, which Busse, evidently planning flight from Oakland, had allowed to run, leaving them for his wife to pay as best she might.

### HIS WIFE MISSING.

It was not until this morning that Mrs. Busse learned that her husband had not been alone in his flight. As she was about to leave her home this morning to swear to a complaint against the man who had not only deserted, but had also robbed her, Mrs. Busse learned from William Jones, the husband of the woman who is alleged to have accompanied Busse in his flight, that his wife was also missing.

According to the story of Mrs. Busse, Mrs. Jones had taken with her all her clothing, and everything of value which she possessed, evidently not intending to return. As soon as she learned that her husband had not been alone in his flight, Mrs. Busse started out to discover, if possible, whether the pair was still in Oakland, only to learn that he had been talking for some time past of going to Tonopah. On learning that he had left the city, Mrs. Busse hesitated no longer, but at once placed the case in the hands of the authorities. Telling of the flight of her husband and his alleged companion, Mrs. Busse said this morning:

### WIFE TELLS STORY.

"Had my husband wished to leave me for another woman, he need not have deceived me as he did. Although I loved him, and have always tried to prove my affection for him, had he told me that he was tired of me, I should not have stood in his way. That he should not only desert me, but rob me of every cent I had in the world, in addition to that, to leave more than two hundred dollars in unpaid bills for me to meet, has turned all my love for him to contempt, and I shall never rest until he is punished as he deserves."

The fact that he left with Mrs. Jones makes no difference in my feelings toward him, for I am sure that if I have lost his love, I am better off alone. When he forced open my trunk, and stole the money which I had worked so hard to save, however, he committed a crime against me, and against the law, and if the law can reach him, I shall certainly see to it that he suffers for his crime. From what I learned after his disappearance, I am satisfied that he has gone to Tonopah, but if I can reach him he will be no safer there than if he had remained in Oakland."

### BURTON'S NAME NOT THERE

Senator Clark Takes Slap at Chairman for Dereliction of Duty.

WASHINGTON, Feb. 1.—The River and Harbor bill was taken up in the House today.

Mr. Clark (Mo.) opened the debate with a quotation from the Scriptures, saying:

"Saint Paul, the greatest philosopher of all times, in his first epistle to Timothy, said: 'But if any provide not for his own, and especially those of his own household, he hath denied the faith and is worse than an infidel.'"

Chairman Burton, he said, was supposed to dominate the committee on rivers and harbors, and if that was true he could have written his name in the scanty list of the immortals by standing for the deepening of the channel of the Mississippi river, but, he added, Mr. Burton's name was not there.

In the course of his speech Mr. Clark referred to the President's possible future in the following words:

"Many suggestions have been made in the public press as to the career of President Roosevelt after his term expires. It has been suggested that he be elected to the Senate of the United States. I am not the adviser of the people of New York, but if they are to continue in the unhappy habit of sending Republicans to that body, my voice is for Roosevelt for that position. The subsequent proceedings would be decidedly interesting."

Only two ex-presidents have returned to Congress. John Quincy Adams served seventeen years in this House dying with the harness on his back, as you doubt he would have decided to go so had he been consulted about his exit from this world. It is a truth of history to say that his fame rests more upon his service in this house than upon his long public service in other positions, extending from the time when, at 11 years of age, he was secretary of legation, the day when he quit the White House in high dudgeon, refusing to accompany his victorious opponent, Andrew Jackson to the White House.

### THE BUSY DOCTOR.

Life is such a constant rush to a well-known physician that to select a little recreation he has recourse to these. A visitor called one night and began a speech to the servant:

"I want the doctor to come as quickly as he can."

"He can't do it," the servant answered. "His left hand was so busy that unless it was absolutely a matter of life and death he couldn't go out at all this evening."

"But," said the caller, "it isn't illness at all."

"What then?"

"We want him to come over and take a hand in a game of whist."

"Oh, that's different."

The servant disappeared and reappeared a moment later.

"The doctor says he'll be over in ten minutes, sir," he announced.—London Tit-Bits.

### CURE FOR RED NOSES.

In the old town of Rouen there lived a middle-aged man who was notorious on account of his drinking ability. The result of this was a red nose, which was a cause of much annoyance to him.

One day while casually glancing over the advertisements in a daily paper the following caught his eye:

"Cure for red noses; fee, \$2. Write so and so."

Highly elated at finding a cure for his annoyance, without hesitation he sent the required fee, and in a short time received a slip of paper on which was written in red ink these words:

"Drink more and it will become purple."

Judge.

A tragic finish.

A watchman's neglect permitted a leak in the great North Sea Dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In the tower Kenneth Melver, of Vancouver, B. C., permitted a little leak to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes:

"Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life. Guaranteed best cough and cold cure, at Osgood Brothers' drug store, Broadway, corner of Seventh and Washington, corner of Twelfth. 50c and \$1.00 trial bottles free."

## WILL NOT BE "BUFFALOED"

### Senator Belshaw Stands Up for the Interests of the Public.

SACRAMENTO, Feb. 1.—Senator McCartney of Los Angeles in the Senate today withdrew his bill which provided that before any city or municipal corporation could acquire, or construct a municipally-owned gas, electric or water plant it must first buy the privately-owned plant that is supplying the city with gas, electricity or water. Senator McCartney disclaimed all personal interest in the bill, and said he would at some time arise to a question of personal privilege and on the floor of the Senate reply to some of the criticism he had been subjected to in the press for introducing this bill.

Senator Belshaw arose and vigorously opposed the withdrawal of the bill.

### OPINION OF PRESS.

"The opinion of the press has not 'buffaloed' me," said Senator Belshaw. "The interests of the public should be safeguarded, but I think that the interests of the city or municipal corporation should be safeguarded, too. I want the bill to remain. I want to see it become a law. I don't care what the papers say about it."

Is it fair, I ask, that corporations and companies who have spent large sums of money on their plants, should have their properties confiscated? "I just want to get some bile off my stomach about this matter. I am opposed to the withdrawal of this bill."

Senator McCartney, however, said he understood it would be inadvisable to have it pass at this time, and was finally permitted to withdraw the bill.

Owing to the large number of committees on junketing tours there was no quorum in the Assembly. It adjourned until tomorrow.

### BLACKS BILL PASSES.

The Senate passed Senator Black's bill which prohibits fraud and deception in the sale of fruit trees. It provides for a fine of \$50 to \$500 for the sale of trees by representing them to be one kind and variety and then delivering some other kind or variety. Prosecution may begin any time within five years.

The Senate adopted a proposed constitutional amendment by Senator Savage which exempts from taxation all buildings used as orphan asylums and of similar charitable institutions. Also a constitutional amendment by Senator Muenster which has for its purpose the abolishing of taxes on mortgages.

### FOUND UNCONSCIOUS IN BERKELEY STREET

BERKELEY, Feb. 1.—W. P. Dowlen, who drives a milk wagon on a local dairy, was found lying in the middle of the street in an unconscious condition by a passer-by last night and taken to the Roosevelt Hospital. It is believed that Dowlen is suffering from a pressure of some sort upon the brain, as no wound could be found upon his person. He remained unconscious the greater part of today.

### TWO MEN FORMALLY CHARGED WITH THEFT

Complaints were sworn to this morning charging two men captured by the police with grand larceny and burglary. William Wilson, who was arrested January 16 for the attempted theft of a ring from the jewelry store of C. E. Puise, at Thirteenth and Washington streets, was formally charged with grand larceny, being looked at the city prison. James Simmons, alias "Cotton," was charged with having broken into a stable at 622 Twenty-fifth street and stealing a bicycle belonging to George Leach. He was looked for burglary.

Will be found an excellent remedy for sick headache, Catarrh, Litter, Liver Pilla, Throat, and all other ailments, who have used them prove this fact. Try them.

### IMPORTANT ANNOUNCEMENT

The official map endorsed by the Board of Supervisors of Alameda county showing all the latest subdivisions, and lines of transcontinental and street railways, will be ready for delivery on March 1, 1907. No official map has been issued since 1902 and the important developments in Alameda county since that date renders this map an invaluable guide for all mercantile, industrial and real estate interests.

This splendid wall map, measuring about six feet square, will be sold at the nominal charge of \$10 each. When it is known that the official map of Berkeley is selling at \$12.50 a copy, this charge appears to you as unusually small.

As a limited number will be printed, reservation should be made at once. TRIBUNE PUBLISHING CO.

### DO THEY DO SUCH THINGS?

"Society women" have been accused of so many dreadful things that one more or less doesn't matter, even the postmaster of St. Louis declaring they fly! It is a sin to fly, especially if the mails are wondrously declared to have lost some of the 680 invitations to a reception, but St. Louis postmaster can't stand the implication of his office, it is an injustice to the service, therefore he doesn't believe what the St. Louis Women's club says of the missing invitations. It is quite likely they were never sent!—Boston Herald.

### Senator Belshaw Stands Up for the Interests of the Public.

SACRAMENTO, Feb. 1.—Senator McCartney of Los Angeles in the Senate today withdrew his bill which provided that before any city or municipal corporation could acquire, or construct a municipally-owned gas, electric or water plant it must first buy the privately-owned plant that is supplying the city with gas, electricity or water. Senator McCartney disclaimed all personal interest in the bill, and said he would at some time arise to a question of personal privilege and on the floor of the Senate reply to some of the criticism he had been subjected to in the press for introducing this bill.

Senator Belshaw arose and vigorously opposed the withdrawal of the bill.

### OPINION OF PRESS.

"The opinion of the press has not 'buffaloed' me," said Senator Belshaw. "The interests of the public should be safeguarded, but I think that the interests of the city or municipal corporation should be safeguarded, too. I want the bill to remain. I want to see it become a law. I don't care what the papers say about it."

Is it fair, I ask, that corporations and companies who have spent large sums of money on their plants, should have their properties confiscated? "I just want to get some bile off my stomach about this matter. I am opposed to the withdrawal of this bill."

Senator McCartney, however, said he understood it would be inadvisable to have it pass at this time, and was finally permitted to withdraw the bill.

Owing to the large number of committees on junketing tours there was no quorum in the Assembly. It adjourned until tomorrow.

### BLACKS BILL PASSES.

The Senate passed Senator Black's bill which prohibits fraud and deception in the sale of fruit trees. It provides for a fine of \$50 to \$500 for the sale of trees by representing them to be one kind and variety and then delivering some other kind or variety. Prosecution may begin any time within five years.

The Senate adopted a proposed constitutional amendment by Senator Savage which exempts from taxation all buildings used as orphan asylums and of similar charitable institutions. Also a constitutional amendment by Senator Muenster which has for its purpose the abolishing of taxes on mortgages.

### FOUND UNCONSCIOUS IN BERKELEY STREET

BERKELEY, Feb. 1.—W. P. Dowlen, who drives a milk wagon on a local dairy, was found lying in the middle of the street in an unconscious condition by a passer-by last night and taken to the Roosevelt Hospital. It is believed that Dowlen is suffering from a pressure of some sort upon the brain, as no wound could be found upon his person. He remained unconscious the greater part of today.

### TWO MEN FORMALLY CHARGED WITH THEFT

Complaints were sworn to this morning charging two men captured by the police with grand larceny and burglary. William Wilson, who was arrested January 16 for the attempted theft of a ring from the jewelry store of C. E. Puise, at Thirteenth and Washington streets, was formally charged with grand larceny, being looked at the city prison. James Simmons, alias "Cotton," was charged with having broken into a stable at 622 Twenty-fifth street and stealing a bicycle belonging to George Leach. He was looked for burglary.

Will be found an excellent remedy for sick headache, Catarrh, Litter, Liver Pilla, Throat, and all other ailments, who have used them prove this fact. Try them.

### IMPORTANT ANNOUNCEMENT

The official map endorsed by the Board of Supervisors of Alameda county showing all the latest subdivisions, and lines of transcontinental and street railways, will be ready for delivery on March 1, 1907. No official map has been issued since 1902 and the important developments in Alameda county since that date renders this map an invaluable guide for all mercantile, industrial and real estate interests.

This splendid wall map, measuring about six feet square, will be sold at the nominal charge of \$10 each. When it is known that the official map of Berkeley is selling at \$12.50 a copy, this charge appears to you as unusually small.

As a limited number will be printed, reservation should be made at once. TRIBUNE PUBLISHING CO.

William J. Dingee a Loss to Oakland

Mr. William J. Dingee has relinquished his interests in the Contra Costa Water Company, which he has so long controlled, and has thus severed the last financial tie that bound him to Oakland. This city has lost in Mr. Dingee precisely the type of man she needs—at this time more than ever—a man of large ideas, liberal spirit and restless enterprise. Such men as he create success, build cities, develop latent resources and arouse dormant energies. They balk at no obstacles because their spirits rise in the face of difficulty, and they surmount stress and opposition by boldness, fertility of resource and untiring energy. A city holding men like William J. Dingee cannot fail to improve and go forward.

But for an unfortunate antagonism aroused by a misconception (fostered by a political agitation) of Mr. Dingee's attitude toward the water consumers of Oakland and a total failure to comprehend the financial conditions he was compelled to face, together with a gross and unfair misrepresentation of his motives, we would still have him with us, leading and cheering on the advance in municipal improvement, devising plans for utilizing Oakland's advantages for commerce, manufacturing and maritime enterprise and staking his fortune and his faith on the outcome. An embittered contest finally estranged Mr. Dingee from the city with which he had been so long identified and induced him to make a larger and more friendly field the theater of his operations. It is not necessary to review the causes which brought this about, but the net result is the loss of a citizen of incalculable value and much higher prices for water than it was ever Mr. Dingee's desire to charge.

The truth is Mr. Dingee's ideas were too large and his energy too strenuous for the Oakland of fifteen years ago. Had he been permitted to develop and carry out his plans and not met the violent and often unreasoning opposition that thwarted and embittered him, baffling his benevolent intentions and restraining his far-seeing enterprise, there would be a different story to tell of Oakland's progress, splendid as it is, and an infinitely more satisfactory condition with respect to the cost and supply of water. But Mr. Dingee was compelled to fight for his financial life; and he fought and won and went away. At every point the long drawn out battle was a losing one for the city, and not the least of its losses is the departure of Mr. Dingee to seek a wider field for his talents, a broader scope for his enterprise, in a less hostile environment.

In San Francisco he has achieved a success both brilliant and speedy, and has taken his place among the most forceful and clear-headed financiers on the Pacific Coast. His enterprise has reached across the continent and made itself felt in New York, which city will be his headquarters in future. Yet we are confident he feels keenly the lack of appreciation he encountered here where he first set his foot on the ladder of success and where he had ambitions both generous and magnificent. It must be said for him by his worst enemies, his most unjust critics, that he gave Oakland and the adjacent cities an abundance of pure, wholesome water. He spared no pains and enterprise to cleanse the water sheds of the different reservoirs and to furnish the public with clear, healthful water. The public has only to compare the quality of water supplied today with the quality of the water and the character of the service rendered fifteen years ago to appreciate the efforts of Mr. Dingee as a water purveyor. A visit to Lake Chabot and Lake Temescal during the late summer will exemplify what Mr. Dingee has accomplished in this direction. Those reservoirs are as limpid and clean as mountain lakes, their watersheds free from contamination, while the distributing system has been improved and made to conform to the most exacting sanitary requirements. Yet save for a brief period the Contra Costa Water Company has not paid dividends for more than ten years. This fact is of pregnant force and significance in forming a just and dispassionate estimate of Mr. Dingee's motives and designs as a water purveyor.

Mr. Dingee is eminently successful in a far more extensive field, where there are ample opportunities and less friction in the development of enterprise, and hence can afford to survey with calm philosophy the period when his fortunes were linked with Oakland. While his success elsewhere has been greater than he scarcely hoped to achieve in Oakland, we believe he still has a hearty faith in this city and an honest regard for its welfare, and regrets that he was not allowed to do his part in making it a splendid and beautiful metropolis.

The Right Man in the Right Place

The Oakland public will be sorry to see Edward McGary surrender the management of the Contra Costa Water Company. This is said without intent to prejudice those who will come after him or to imply that the policy Mr. McGary inaugurated will be changed. The new manager of the company is entitled to a fair trial and the policy he pursues has a claim to judgment on its merits. It is merely common justice to state, however, that Mr. McGary has made an ideal manager, and has shown a delicate appreciation of his responsibilities to the public that the managers of other public service corporations would do well to emulate.

The directors of the People's Water Company, which succeeds to the interest and business of the Contra Costa Company, displayed wisdom in desiring Mr. McGary to retain in his position as manager, and it is a matter of genuine regret that he deemed the pressure of his private business too great to permit him to continue as the managing head of the water company. He has spared no effort to enlarge and improve the service as far as conditions would permit, and has shown so fair and just a spirit in dealing with the patrons of the company that he has made himself exceedingly popular.

Mr. McGary was at all times accessible and ready to listen to complaints and grievances. He was prompt to rectify any trouble and correct mistakes. He was affable and courteous in his treatment of all who came to see him, and made that an unvarying rule or his subordinates to follow. If he could not comply with a request he gave a frank explanation of why he was unable to do so. Thus he removed many misunderstandings and smoothed away much of the antagonism that once prevailed.

Mr. McGary's position was that the company was here to serve the public—for compensation, of course—and that the public was entitled to the best service that could be given, and that water consumers were entitled to consideration and courtesy at all times. The wisdom of his policy has been vindicated, for he leaves the water company freer from antagonism than it has been in twenty years. He has disarmed criticism by removing the causes of friction. It is a pity Edward McGary did not come to the water management years before he did.

Press Criticisms on Dr. Dille.

Rev. Dr. Dille would not be edified by reading the comments of the press on what he had to say in the pulpit recently in regard to the alleged practices of a certain milliner whom he did not name. Some of the strictures are unduly severe in our opinion and fail to credit Dr. Dille with the good intentions which we believe actuated him; nevertheless, they should serve to convince him that he made a grave mistake in alluding publicly to the matter at all unless he felt at liberty to disclose the name of his informant and the identity of the accused. For instance, the Stockton Independent prints a long editorial, from which we extract the following:

"When the gravity of the offense charged is considered beside the weak foundation and the brief and specious argument in defense of it, the preacher stands in the position of a retailer of a gross accusation on no foundation. Dr. Dille does not attempt to show that he made any effort to verify the words of his informant or to learn the sources of her information. He simply took what appears to be hearsay evidence and to have on that loose basis launched from his pulpit a charge that by its vagueness besmirched the reputations of many good women and some men who are presumably good also."

The Woodland Democrat is equally severe. It makes this comment:

"There seems to have been no urgency for making the charge in such a way and possibly not at all. But having made the charge it was Mr. Dille's duty to face the indignant Oakland milliners and either make the charge good or publicly withdraw it and make ample apology. But the reverend gentleman took to the woods and from his hiding place he has taken refuge behind the statement that he received his information from a well known and reputable society lady of Oakland, and that he has not her consent to make the name public. The complaint of the Oakland milliners is that so long as Mr. Dille refuses to give the name of the milliner engaged in such a scandalous traffic every milliner in that city is subjected to discreditable imputations from her personal enemies. They have a reasonable cause for complaint."

The incident is regrettable because it has not only given pain to a great many innocent and deserving persons, but has given Oakland considerable unpleasant notoriety. It is an example of what to avoid in future. It is the wrong way to go about correcting an evil that in this instance has stirred up much bad blood and accomplished no perceptible good.

Congress has raised its wages, but it has given a solar plexus to the eight-hour law.

TRIFLES.

Count nothing trivial!  
The merest note  
Upon the telescope may cloud a star,  
One faulty note  
The symphony's clear harmony may mar.

Count nothing trivial!  
A woodland flower,  
Or smile, illumined by Love's holy light,  
May lead, in power,  
A soul to conquest o'er the hosts of Night!

AWAKENING.

When first I saw those eyes,  
A new light dawned on me,  
The beauty of the rose was born  
And in music harmony,

My path was lighted up with hope  
And grander visions came in scope  
Of joys to me unknown before,  
And night came no more.

DENOUNCES  
COMMISSION

A Correspondent Says It Is  
Working for the Cor-  
porations.

Editor TRIBUNE. Press dispatches from Sacramento tell us of the renewed fight of the Code Commission on section 384 of the Civil Code, reserving to the Legislature power to at any time repeal that part of the code relating to the organization, conduct and management of corporations, or any chapter or article or section thereof, and to dissolve all corporations created thereunder. Thanks to Grove L. Johnson this section still stands as it was originally enacted in 1872. This action on the part of the Code Commission was to have been expected and we may look for more pernicious activity on the part of the commission before this session of the Legislature closes. That is the very thing the Code Commission was appointed for and the people's money squandered on a worse than useless object—to doctor the laws for the favored few against the interests of the many, the people. The original Code Commission was created at the behest of the small class wanting to secure undue and illegal advantage by subterfuge and in a surreptitious manner that which they could not secure by fair legislation in the open.

At the session of the Legislature of 1907 the term of the code commissioners was extended until May 1, 1907, and an appropriation made of \$700 for salary; for a stenographer \$240; for postage, telegrams, room rent, etc., \$240, and for printing, etc., \$100, making a total of \$1,280 of the people's money wasted for a worse than useless purpose—for the Code Commission's pernicious activity has succeeded in having some of the vicious laws of the original commission re-enacted verbatim and laterated, and will continue mischievous intermeddling until shorn of power and salary.

The eagerness of the original Code Commission—which cost the people hundreds of thousands of dollars during its long-winded incubations—to serve their masters was so great they overlooked the necessity of proceeding according to the requirements of the constitution in what they did, and their work was knocked out by the Supreme Court in the case of Lewis vs. Dunne. Their work in amendments, additions and repeals was so vicious that the Supreme Court went to the extreme limit in the application of the rule of strict construction to get rid of a large mass of the worst legislation ever attempted to be foisted upon a long suffering public.

The present commission was appointed and has been kept in office for the sole purpose of securing the re-enactment of the vicious additions, amendments and repeals of the original commission—which they did not know how to have enacted in a legal and orderly manner. They did not even take the trouble to read the provisions of the constitution of the State upon the subject—they seem to have regarded themselves superior to the constitution and everything else, save alone the sordid and unscrupulous interests which they sought to subvert. The secretary of the original committee, Hon. W. F. Henning, prepared an able brief and submitted it to the commission, showing therein that the manner in which they proposed to enact their amendments and additions and make their repeals was not in accordance with the provisions of the organic law of the State. But in their bumptious self-sufficiency

Exchanging Tickets for Advertising.

It is the popular impression that the rate law passed at the last session of Congress forbids the railroads to pay for advertising with transportation, i. e., to swap passenger tickets for an equal amount of advertising. Contracts of this character have been the rule all over the United States and have been found to be to the mutual advantage of railroads and publishers.

It is the general belief that such contracts have been made unlawful by the new act of Congress. Such is not the fact. The rate law requires railroad companies to set a fixed price on transportation and adhere to it impartially, but the Interstate Commerce Commission has construed the law to mean that tickets can only be sold for cash, hence it has made a rule that contracts providing for an exchange of advertising for transportation are a violation of the statute. Thus the issue has been raised not by an act of Congress but by a rule of the Interstate Commerce Commission, a proceeding that has aptly been termed bureau legislation.

We doubt if even Congress has the power to forbid an exchange of service for service. It is still more to be doubted if an executive order based upon a mere implication of the law has any legal force and effect whatever. Nobody would question the right of a tailor to contract with a shoemaker to make a pair of pants in return for a pair of shoes, and no quibble would be raised if a theater were to agree to give a newspaper so many tickets in return for a stated amount of advertising.

The right to exchange one commodity for another is the basis of all barter. It is the fundamental principle of commerce, and involves the inherent right of a man to sell his service or his ware for any price that he may choose to fix and to take in payment whatever he may deem acceptable. Possibly the railroads may consider it the better policy to submit to the rule rather than test its legality in the courts, but submission to it, under the circumstances, is not an admission of its justice and legality.

And it is a false and hypocritical pretense to place transportation given in payment of advertising in the same category with the free passes given to legislators and politicians. The attempt to do so has behind it no creditable motive. However, that is a small matter compared to the denial of a right that in all other respects is unquestioned.

# SMART SET OF OAKLAND

The reception and dance last evening at the Home Club was an elaborate affair, more than 400 guests attending between the hours of 9 and 12. The clubrooms were attractively decorated with greens and brilliant carnations. An immense fish net of ferns, smilax and carnations was festooned about the circle of the ballroom, and the electric lighting added to the brilliant scene. A number of guests enjoyed the hours at the card tables, and a supper was served late in the evening.

Assisting Mrs. Frank L. ## BIG PARK BY LAKE MERRITT

Council Authorizes Purchase of Site to Cost City \$11,000.

The purchase for \$11,000 of a tract of land north of and bordering on Lake Merritt, was authorized last night by the City Council, final passage being given an ordinance providing for this purchase. The land is to be used for park purposes. It is bounded by Perry street, Lake Shore avenue, Lake Park avenue and Lake Merritt.

## TO INSTALL SEWER.

A. Gould was granted permission to install a sewer in East Twenty-fourth street, between Twelfth and Thirteenth avenues. A petition to lay a sewer in Wood street, between Seventh and Eighth streets, in both instances, the cost of the sewers is to be paid by property owners along the respective thoroughfares.

Superintendent of Streets Ott presented a list of the employees of the street department and the wages paid them. The list was referred to the auditing and finance committee which will investigate the assertions that have been made that the wages are not on an equal basis.

## FOR BETTER SERVICE.

L. R. Goldberg of 988 East Twenty-seventh street asked the Council to request the Oakland Traction Company to improve the service on the Thirteenth avenue line. Goldberg asserted in his protest that the line "begins nowhere and ends in the same direction." He stated that the cars make poor connections and that high school students cannot reach school on time. The protest was referred to the street railroad committee.

Ordinances were introduced into the Council providing for the closing and abandoning of Butler, Anderson, Sumter and Dale streets. The measures were referred to the ordinance and judiciary committees.

The annual report of the Contra Costa Water Company was referred to the committee of the whole.

# Are you a lard eater?

Half the time when a person feels blue and out of sorts you may take it for granted that he is a victim of the "lard habit." Lard cooked food and good stomachs are never friends for long. Lard food is not healthful food and no ordinary stomach can thoroughly digest it.

Cottolene is the perfect shortening and frying medium. It is pure and healthful. It contains not an ounce of hog-fat. Lard comes from the pig-sty; Cottolene from the cotton fields of The Sunny South.

Lard is hog-fat; the basis of Cottolene is pure cotton seed oil. Lard is greasy, indi-

gestible, and sometimes absolutely harmful; Cottolene makes food digestible, nutritious, delicious and healthful.

Cottolene is today in use by thousands of housewives who would no more think of going back to lard than they would of reverting to tallow dips for lighting their homes.

Cottolene is endorsed by the most prominent cooks and household economists of the country, as well as by the medical profession. It is one of the products which pure food advocates always endorse.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE: The patent air-tight top on this pail is for the purpose of keeping COTTOLENE clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

## FEDERATION IS ENTHUSIASTIC

The meeting of the Civic Federation held in Magnolia Hall, West Oakland, last night a most enthusiastic one. P. S. Gillette, a member of the Central Committee of the Municipal League, was the principal speaker of the evening. He spoke at length on the necessity of having pure, honest government, and stated that the only way to have it was to have men of character in office, regardless of parties or platforms. He said that if a govern-

ment were properly administered it would not be necessary for working girls to sell their virtue, as a prominent minister had accused an employer of advising her help to do.

He declared in favor of municipal ownership and said the reason the people of Oakland had refused an opportunity to own its own waterworks a year or two ago was that the public had not been properly instructed.

Said he: "If we could have a newspaper which we could control and which would advocate the proper measures, we could soon bring about the reforms we desire, for the greatest mold of thought and director of action today is the public press."

Gillette suggested that a committee be appointed by the Federation to confer with the Progress Club as to the best measures to be taken in the coming municipal campaign.

At the conclusion of Gillette's address, remarks from various people in the audience followed in a general discussion of the best methods of working in the interest of pure government.

## TICKET BROKER WILL RETIRE

Federal Laws Against Scalping Too Strong for Adolph Ottinger.

SAN FRANCISCO, Feb. 1.—Adolph Ottinger, the veteran ticket broker of this city, who has amassed a quarter of a million dollars, and who was once president of the American Ticket Brokers' Association, is to retire from the business. He has been maintaining thirty-five offices in the various cities of the country. He has closed most of them, and left for the east yesterday to close the remainder. His San Francisco office will soon close. Owing to rulings of the Federal and State courts adverse to scalpers, the business has been growing steadily less profitable. This is Ottinger's principal reason for quitting.

## EVENING DRESS

The rules for evening dress are more or less exact. We don't make them, but we are prepared to obey them.

What we especially guarantee is that our evening dress clothes are RIGHT. We even carry the irregular sizes for the over-tall or extra stout or undersized person. We have the Tuxedos also for all of these people.

HEART :: TRIBUNE'S PAGE FOR WOMEN :: HOME

This is from a recent photograph of Miss Caroline Edgar, daughter of Mr. and Mrs. Newbold Edgar, whose engagement is announced to Henry Sanford, son of Professor Sanford of Yale University, and grandson of the late president of the Adams Express Co. Mr. Sanford was divorced by his first wife some time ago and some interesting testimony was given during the progress of the case.

BRANDISHES A KNIFE AT HIS WIFE AT A DINNER

Witnesses for New York Woman Tell How Husband Drove Her From the Table.

NEW YORK, Feb. 1.—Justice Davis heard extraordinary testimony in the trial of the suit of Joanna Prince Page for a separation from her husband, Henry W. A. Page, a Broadway cotton merchant.

Mrs. Page charged her husband with cruelty and cited as one specific act of cruelty that he improperly laid her on the floor in a parlor. Page denied his wife's charge.

Alfred G. Gibbs testified that he had known the Pages twelve years. He told of a scene that took place at a dinner party when Mr. Page flourished a carving knife and compelled his wife to leave the table. Gibbs testified that at the dinner Page complained because his wife leaped her arms on the table.

Counsel for Page read to the court the deposition of a woman servant employed by the Pages who said that Mrs. Page was a good mother to her children. She said that between fifty and seventy-five whisky bottles were found by her in a closet in Mrs. Page's room.

She didn't know who drank the whisky and deposed that she had never seen Mrs. Page drinking any liquor. Mrs. Page drank in gay liquor but said she had once seen Mr. Page intoxicated.

COUPLE DIVORCED FOR THIRTY LONG YEARS

Indiana Man and Woman Cannot Remarry in That Time Unless They Wed Each Other.

The first limited divorce under the new Indiana law has been accorded a Hammond.

Mr. and Mrs. Otto Negele were divorced for thirty years. The conditions of this final divorce are these:

First—Neither Mr. nor Mrs. Negele can lawfully marry again inside of thirty years unless they choose to marry up the matrimonial ladder once in every five years.

Second—After thirty years either of them will be free to marry without restriction.

Third—If after thirty years Mrs. Negele shall decide not to marry again, her husband will be compelled to support her.

Fourth—During the trial period Mrs. Negele will be living upon her own resources.

Mr. Negele is fifty years of age. His wife is more than thirty so that their final divorce is tantamount to a life sentence.

During the trial of the case Mr. Negele admitted that he was addicted to the use of a narcotic and she made a counter accusation that he was a slave to the same drug. She declared that once when she was afflicted with a severe attack of neuralgia he advised her to use a certain narcotic and she did. Later, she declared she discovered that he was a regular user of the drug.

Mr. Negele is a druggist and his wife is or was his partner. They advertised the fact that they were not only partners at home, but in business. Each

WOULD SEE AMERICAN ART IDEAS AND ARTISTS WIN

Political Study Debater in New York Resents Truckling to Foreign Connoisseurs.

NEW YORK, Feb. 1.—The Society for Political Study, a club of women discussed "the Foreign Element in Museums and Educational Institutions" at its weekly meeting. Before they dispersed, some very pertinent things had been said about American art and American art students.

The discussion hinged around the paper read by Mrs. Dilott Jones, in which she upheld the present English administration of the Metropolitan Museum of Art. She also decried the use of foreign instructors in public institutions and declared that foreigners had little conception of the advance made among women on educational lines and that they were apt to show a distinct prejudice against women teachers.

After saying many pleasant things regarding the improvements that Director Purden Clarke and Curator Roger A. Fry had made in the Metropolitan Museum she resented the way that Americans generally sought foreigners in buying paintings for private collections.

The discussion was animated. It was stated several times that American newspapers had much to do with the disseminating of higher art education in this country. Mrs. John H. Judge who presided, told a story of a New York society woman who sent an American artist abroad so that he could return with a reputation and paint her a portrait.

There were several raps for Anthony Comstock, whom Mrs. Sallie Morris Cery declared had caused American art students to go abroad where such mistakes as he made did not happen.

Mrs. Rose Marie Resler, a well-known club woman and writer, stated that 40 per cent of the women on the stage today got there through "pull." She explained later that her estimate was compared with a short time ago, when the percentage of women who did not gain a footing in the profession through merit was 90 per cent.

Resolutions were adopted endorsing and urging the passage of the Page bill in the State Senate for the restriction of the hours of child labor and a copy was ordered sent to the promoter of the measure.

This picture of King Edward and the Duchess of Roxburghe, who was Miss May Goelt of New York, is part of a group photograph at a recent house party at West Dean Park, England. When the guests posed for the picture the American Duchess was given the place of honor immediately before the king.

HOW TO RETAIN BEAUTY

The best advice one could give for retaining our youthful beauty even in old age is to bestow constant care during our early years on the gifts with which mother nature has endowed us. And it would be well to add to our favorite warnings to young people a rule to the effect that during the hours of youth preserve and prepare what beauty you have for old age.

If we learn wisdom together with the laws of sanitation the first thing we ought to give up are our luxurious beds. I know a sensible mother who has hammocks slung up in the bedrooms for her boys to sleep in. I am not at all sure that mattresses, eider-down quilts etc. are not harmful. We might take a lesson from the Japanese who when time for retiring comes, draw the screen that transforms their sitting-room into a bedroom roll out their narrow thin mattresses on the floor and after donning a night suit, lie down to peaceful slumbers on a pallet that no English servant would consent to accept.

We have heard a lot about insomnia of late years, much of it is due to luxurious bedrooms and to the practice of reading in bed not to speak of the unnatural conditions of modern life. Playful microbes gambol in our mattresses and lurk in our armchairs and sofas. Cane chairs would at least be healthful—they might be gilt or enameled to please the eye. The absence of sofa cushions would insure straight backs for the rising generation.

We are happily learning to dispense with curtains and draperies made but to harbor dust and dirt.

Unfortunately, the process is tedious for the oil must not only be well rubbed in but the patient must be literally pickled in it. This dried-up people are particularly benefited by this treatment. Their diet should be farinaceous, stews given in preference to roast or grilled meats. Fat should be taken in every possible form and all flesh forming natural foods sought after. Bananas fried in butter and powdered with sugar should be eaten for breakfast, and fresh cream largely used. Parley water is the best possible drink. If it is liked sweet honey should be used instead of sugar. We can change the whole constitution of our bodies by special diets. Stout women often lose their figures through over-indulgence in food. They should never partake of malt liquors. Lemonade, soda water and weak tea are their safest beverages and their diet should consist chiefly of grilled meat and green vegetables.

Health and beauty are vital questions to many of us who simply cannot afford to get old, because it is in the interest of their work to look young. "Too old" is a terrible verdict—the death-knell of our hopes—and it is by health that we can prolong beauty and stay the hand of time. One of the causes of age is the drying-up of the tissues. There are women who would require a long oil treatment to regain elasticity of skin and limb. Massage, given with oil or massage cream, keeps body and skin in perfect condition.

Plenty of fresh air is the secret of good health and beauty. We all know how Zola, the great French novelist, died. If he had slept with his windows open his life would have been spared.

THIS WOMAN BOASTS OF HER CAREER IN CRIME

Tells the Kansas City Detectives How She Appropriated Articles in Stores and Private Houses.

KANSAS CITY, Feb. 1.—Mrs. Eva Smith, who was arrested in a department store while attempting to steal, confessed to having had an amazing career of crime in Kansas City. Not only did she admit numerous cases of shoplifting, but confessed that, in the guise of a servant, she had committed robberies in several homes. To cap it all, she admitted that she was a member of the original "Florodora sextet," of which there are now more than fifty "original survivors" not to mention those who have married Pittsburg millionaires.

Mrs. Smith also said that she had been a captain of the Salvation Army. The woman admits that she has pawned a large number of articles which were later secured from pawnshops. "I not only stole from stores," Mrs. Smith told the detectives, "but I went to private houses and picked up anything of value, principally jewelry and fine clothing. I would engage myself as a servant and when the chance came I would take anything I could carry."

After telling of her alleged connection with the Salvation Army, Mrs. Smith said:

I was also a member of the original Florodora sextet. I received a fine musical education in Paris. We made a great hit in New York.

MIDDY IN GIRL'S ATTIRE IS BELLE OF THE BALL

Officer Is Punished Severely for Impersonating, Which Passes Undetected at Dance.

ANNAPOLIS, Md., Feb. 1.—Every man is short and staid. At the hop he danced with several midshipmen who were not in the joke and was not detected. Indeed, there was not a suspicion on the part of anyone that he supposed woman was no what she appeared to be.

After the dance Coffman was reduced to the rank from the position of cadet ensign which he held in the brigade, on a charge of "conduct unbecoming a officer and a gentleman."

TWO LONE MEN TELL MOTHERS THEIR DUTIES

George W. Flounders and Professor Butterworth of Philadelphia Lecture Before School.

PHILADELPHIA, Feb. 1.—How to be a good mother is a subject about which mere man is presumed to know little and yet seventy-five women, young and old, sat patiently in the parlor of the Willard and listened to motherhood and the bringing up of children.

The women were members or friends of the Young Women's Educational Association, a school for mothers which has just been organized under the direction of the W. C. T. U.

The school was organized for the purpose of awakening young women to physical mental and moral betterment. The leaders in the movement are Mrs. W. H. Hipple, Mrs. A. C. Peacock, Mrs. Mary Jones and Mrs. D. C. Gibboney.

The first instructors called by the school to tell women how to be good mothers were George W. Flounders, district superintendent of schools and Professor Horace Butterworth, director of physical education at the Temple College.

Dr. Flounders spoke on the "Young Mother's Educational Relation to Her Child." He said that the mother is the most natural teacher as the child by instinct will look up to her. The mother's teachings he said are the most important which the child receives, and therefore, the home lessons should be carefully planned. The lessons should include not only mental development but there should also be physical training, moral teaching and

PROPER CARE OF FEET

Oiling the feet cannot be too strongly recommended. It is quite a cure for scaly feet. The oils must be properly sterilized. The massage creams are quite safe.

Ill-fitting shoes and stockings are the causes of foot troubles. Foot baths are often dangerous. The feet should be washed in tepid water, into which common salt has been put with a lax hand. Cold-water bandages will cure a minor but cold water is dangerous to people with gouty tendencies, the feet should be rubbed with camphorated spirits, if the skin is not broken.

Starch and soda—a cupful of starch and half the quantity of soda—should be added to a quart of hot water which must be allowed to grow tepid, and then used as already directed.

Corns may be eradicated by painting them with iodine tincture. Never cut a corn, it is a most dangerous practice.

Hot-water bottles and warm slippers are not good for the feet.

Night socks are far better. Everything is a question of habit, we can train ourselves to have a certain amount of food and sleep.

We have to be fed according to our modes of life. The brain-worker will need different food from the society woman. If both are to preserve youth and beauty. Excitement and the modern malady, restlessness, should be avoided but by excitement I do not mean that we should not cultivate our emotions—sympathy for others, the full enjoyment of music and all pleasurable emotions.

Worry destroys beauty. As we naturally worry about trifles, we should fight against worry as an insidious foe. The cultivation of will power creates serenity of mind and a certain degree of mental imperviousness, which is as a buckler in our battle with life.

Some people are afraid of fresh air, while others go to the other extreme and ventilate us out of our lives.

Mrs. L. Vernon Harcourt, whose picture here appears, is generally credited with the appointment of her husband to succeed James Bryce as Secretary of State for Ireland. She is an American woman.

WIFE ILL IN A HOSPITAL, AGED MAN DIES ALONE

Woman's Plaints That Husband Did Not Visit Her Lead to the Discovery.

PHOENIXVILLE, Pa., Feb. 1.—Inquiries made by his sick wife in a hospital here led to the discovery of the lifeless body of Frederick Bloomer under the bed in his room where he is thought to have been frozen to death.

Almost daily for the last month during which time his wife was a patient in the Phoenixville Hospital Bloomer who was about 65 years old called at the hospital to inquire after her condition and when allowed to visit her in the ward.

His last visit was nearly two weeks ago and his unusual absence aroused his wife who has been persistently inquiring why her husband did not come to see her any more.

The old man's disappearance was reported to the police, and this morning Policemen Patrick Kelly and John Donnelly forced an entrance into the home on Penn street and in a bedroom in the second story found Bloomer dead.

He had evidently been dead for several days and it is believed he froze to death. He had apparently rolled out of bed and then under it. The news of her husband's death has not yet been broken to the sick wife, who continues inquiring for him.

ELOPERS FINANCED BY CARNEGIE HERO FUND

Widow of Dead Man Receives \$1000 and Runs Away, but Is Finally Returned to Home.

PITTSBURGH, Pa., Feb. 1.—The moment she received \$1000 from the Carnegie Hero Fund Commission for the brave feat of a dead husband Mrs. Nettie Stutchel of Mount Pleasant Township, nineteen years old eloped with a married man.

Relatives dragged him home again before much of the money was spent so people are wondering what will happen next.

The woman was to have been given a bronze medal but that has been held up. There is an undercurrent of feeling that it should now be presented to the men who halted the elopers.

Mrs. Stutchel ran off with Elmer D. Heckler, a government employee having charge of the world famed whisky still of Old Bill Witt in the Allegheny Mountains. His wife and two children who were left behind, are now closely watching him.

The award made by the Carnegie Hero Fund Commission to Newton Stutchel was among the first handed down by the commission, and was considered one of their most deserving cases.

On June 13, 1904 Stutchel jumped into a reservoir in Mt. Pleasant township to rescue two young men who were drowning and the three went to death together. Stutchel left a wife aged sixteen years, with a child of three months.

The hero commission gave Mrs. Stutchel \$1000 and voted her a bronze medal in memory of her husband's brave deed.

YOUNG WOMAN ACTS AS SECRETARY TO A MAYOR

Miss Margaret Forderer Holds Important Position in Office of Philadelphia's Chief Executive.

PHILADELPHIA, Feb. 1.—Mayor Weaver believes in the equality of the sexes so thoroughly that when his secretary George Herbert Welsh, resigned recently to accept a position as an Assistant District Attorney the Mayor appointed his stenographer Miss Margaret Forderer to the position.

Miss Forderer is the first woman to take such an important role in the official life of the city and during her short tenure has proved herself a capable secretary. She shirks no part of the duties which have hitherto been assigned to men secretaries, and when the City Council met last she personally presented the Mayor's messages and votes to those bodies, thus marking an epoch in the history of the city's municipal government.

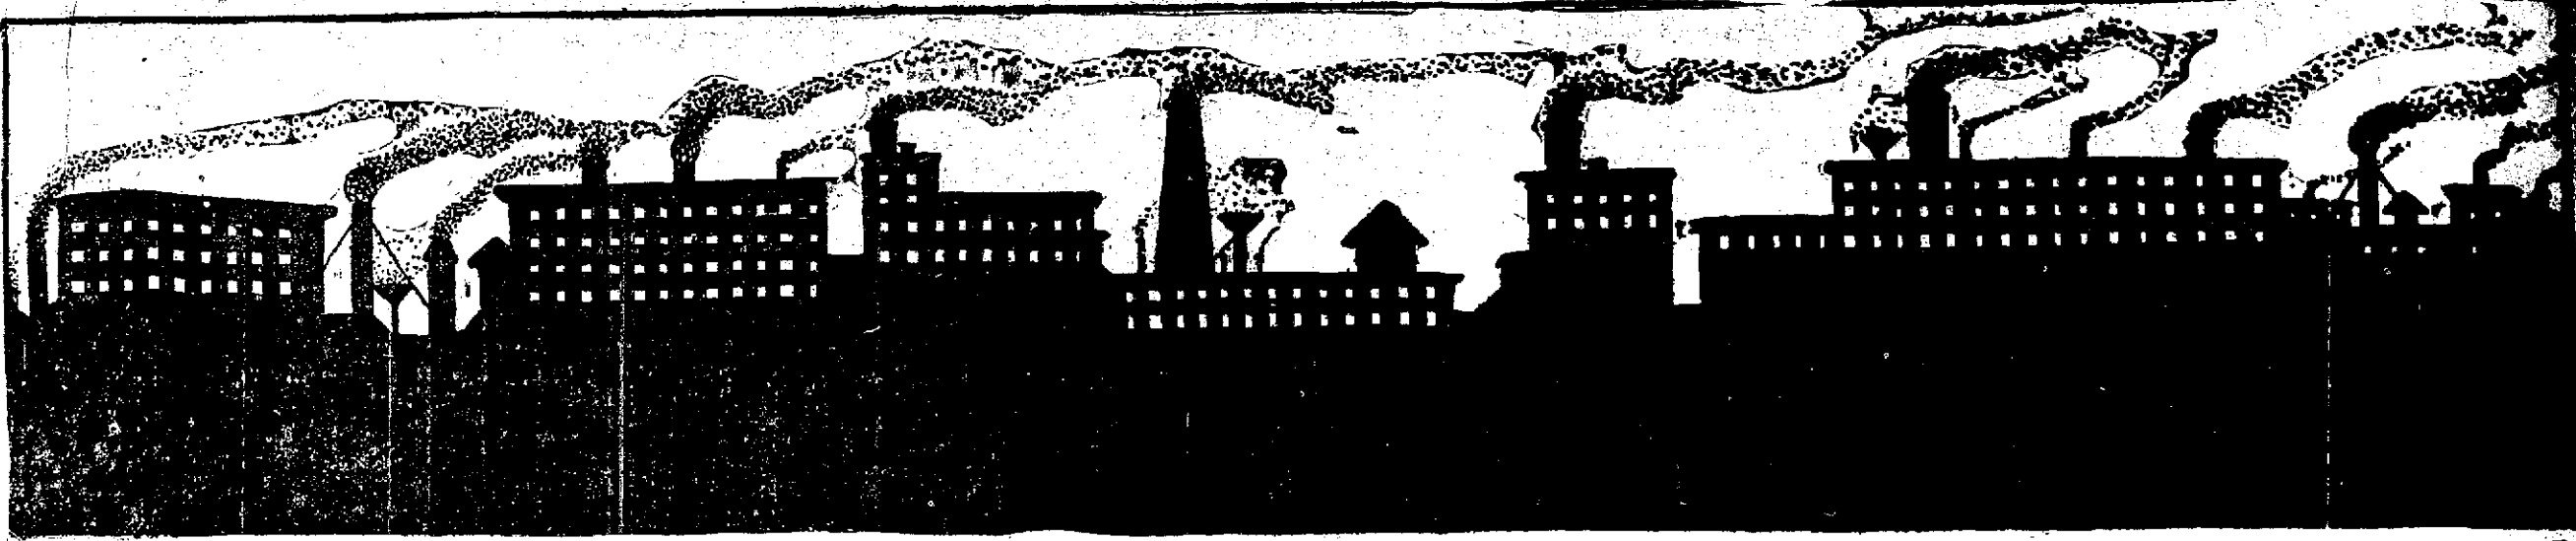

Never before was a woman's voice heard officially on the floor of either branch of the Council while they were in session. She was warmly applauded as she left the Common Council Chamber after presenting the Mayor's message to the presiding officer.

Miss Forderer is a small, modest appearing woman about twenty-two years of age. She has soft brown hair and gray eyes. Her charming personality and tactful ways combined with considerable business aptitude, assure her success in her new position.

I am no believer in drugs, and consider that it is possible to do without them and benefit thereby. There are, however, cases where a doctor is an absolute necessity. Here, again, we must exercise care and caution.

As colors can brighten or fade our coloring take the gold out of our hair or make it more golden it is most necessary to know what are the colors which will prove becoming.

# NEWS FROM BERKELEY AND CITY OF ALAMEDA

## MEDAL FOR THE BEST DEBATER

University Men to be Heard in Assembly Hall of Stanford Campus.

BERKELEY, Feb. 1.—Skill in impromptu debate will win a medal for one of six debaters representing the University of California and Stanford, who will be heard tonight in the Assembly Hall on the Stanford campus.

This prize, which is the gift of Baron de Coubertin, was first offered in 1895 for the best speaker of the two universities on a subject involving French political history. Originally the debaters were given an opportunity to prepare their debates. But since the founding of the debate these conditions have been altered, and as they now stand the debate is extemporaneous. The general question is announced in the fall term, but the particular phase to be discussed is not given to the speakers until two hours before the first man begins to speak.

When the final question is announced the men are given a few minutes in which to consider it and determine, if possible, a preference for one side or the other. If more than four out of the six should choose the same side, lots are drawn for the sides. The agreement is made, however, that not more than two men from one university shall debate on the same side of the question.

### ONE OF CONDITIONS.

The conditions also provide that no debater who once wins a Carnot medal may participate in the contest a second time. This last ruling prevented N. A. Fisher, of the winner of last year's debate, from entering the contest again this year.

The honor of winning the first Carnot medal fell to J. Switzer of Stanford in the spring of 1895. During the next five years the medal was won by California debaters, among whom was M. C. Flaherty, now professor of debating in the university. W. A. Morris broke the string of victories in 1901 and another Stanford man carried off the honors the succeeding year. Since that time only one Stanford man, J. W. Sherriff, has won the prize trophy. In all, California has won eight times, while the Cardinal representative has gained only four victories.

The men who have been chosen to contest with the Stanford team this evening are: S. Macneil, '08; M. E. Harrison, '08, and E. M. Peixotto, '07. The tryouts were held a little over a week ago, when a comparatively small number of men tried out for the team, but the smallness of numbers was made up by quality of the debaters. The members of the team have been hard at work the last week and have worked individually, as there is no team work required and each man is responsible only for himself.

### ON TEAM THREE YEARS.

Maurice E. Harrison comes from Lowell High School, where he was on the debating team for the year. He has been actively debating, he was president of the debating league of Northern California at one time. He was a member of both his freshman and sophomore debating teams, and has the distinctive honor of being the first man to make a Carnot medal in his freshman year. He was also on the Carnot team of last year as alternate, and was a member of the intercollegiate team.

Sayre Macneil comes from Pasadena High School. He has not taken part in debating until he came to college. As a member of the Students' Congress team, and also as a member of his sophomore team he gained considerable reputation on the rostrum. He won this year's Bonheim Dissertation prize, in which he showed ability as a clear, thoughtful speaker.

### HIS FIRST CONTEST.

Eustace M. Peixotto also comes from Lowell High School, where he was a member of the debating team in his senior year. He was a member of his freshman debating team, but owing to illness was out of college for a year. This is the first intercollegiate contest in which he has taken part, and it is expected that he will make a good showing tonight.

The debate will be held in the Assembly Hall at Stanford beginning at 8 o'clock. A special train will leave San Francisco at 7:30 p.m., which will reach Palo Alto in time for the contest. Special rates of \$1 will be allowed if fifty students sign up. So far only twenty-nine have signified their intention to go, but there should be no difficulty in getting the required number. H. H. Smith, '08, and S. J. Hume, '08, will lead the routing.

There will be no train returning from Stanford after the debate tonight. Railroad tickets will be honored until Monday.

## BETTER PAY IS DEMANDED

Milk Drivers of Alameda County Want \$85 a Month Instead of \$75.

ALAMEDA, Feb. 1.—Rumor has it that the local milk wagon drivers intend to ask for higher pay, beginning the first of next month. The drivers are now receiving \$75 a month for their services, and \$85 is the amount they are to ask for. The union to which the men belong extends over Alameda county.

BERKELEY, Feb. 1.—At the State University today an election is being held to select officers of the sophomore class.

The candidates for the various offices are as follows: President, A. R. Kilgore and J. R. Jahr; first vice-president, Benjamin Moses; second vice-president, Miss Forsyth; secretary, W. H. Pillsbury; treasurer, C. S. McLennan and Alfred Schultz; sergeants-at-arms, Paul Bailey, S. W. Smith, Dean Witter, Chas. Cobb, Paul Myers, B. E. King, N. Tucker, yell leader, F. W. Bowley; auditing committee, W. J. Hayes, F. L. Borden, Miss Amy Hill, Miss Helen Pinkham, F. Q. Stanton and Miss Rose Schmidt. The committee in charge of today's election is: H. B. Cortelyou, chairman; Leo S. Blackman, H. D. Hoover, R. M. Sheridan, S. E. Bailey and R. L. Plannery.

Miss Anna Jones, vice-president of the class, has been appointed to take charge of the women's booths. She will be assisted by Misses Byrd Howell, Maude Cleveland, Christine Krysto, Alice Southworth, Blanche Bowers and Irma Bromley.

## SPANISH CLUB IS REORGANIZED

El Circulo Iberico of University of California Elects Officers for Year.

BERKELEY, Feb. 1.—El Circulo Iberico, the Spanish students' club of the University, after a year of inactivity, reorganized last night and elected officers for the spring term, as follows: President, Dr. C. Bransby; vice-president, Miss Elaine Mullignon, '07; secretary and treasurer, Miss Constance Jordan, '07.

The next meeting will be held at the Delta Delta house, corner of Dwight way and College avenue, on February 6. Membership in the club is open to all interested in the language.

## SHAKES FIST IN HIS FACE

BERKELEY, Feb. 1.—Mrs. Eva Jameson, the pretty young divorced wife of C. H. Jameson, a local undertaker and deputy coroner, will be forced to give back to her former spouse \$50 worth of silverware, according to a decision handed down by Judge Edgar yesterday afternoon.

Quite a scene was created in the courtroom when Jameson started her petition that Jameson had forced her to climb over dead bodies after dark in the undertaking parlors on Telegraph avenue. She said that her husband left her alone each evening, making her care for the office and look after the dead. She said that her husband assigned to her hard and unpleasant tasks which a woman is not expected to perform.

## MEN WHO RESCUED GIRL SHOULD RECEIVE ONE OF CARNEGIE MEDALS

THESE ARE PICTURES OF MISS JENNIE HARTKOP AND GROVER HANDERKIN. THE FORMER WAS RESCUED FROM POSSIBLE DEATH BY THE LATTER.

## Patrolman Charles Becker and Grover Handerkin Are Receiving the Congratulations of Friends—Young Woman Is Nearly Prostrated.

BERKELEY, Feb. 1.—Congratulations are pouring in upon Policemen Charles Becker and Grover Handerkin, who, by their quick action and presence of mind last Wednesday evening, rescued pretty Miss Jennie Hartkop and a peanut peddler from serious, if not fatal, injuries beneath the feet of a runaway horse. A hundred or more people witnessed the incident, which

took place at the center of Berkeley's business district, and all agreed that the policemen and the expressman would be fit wearers of the Carnegie medal. Miss Hartkop herself is nearly prostrated as a result of her thrilling experience, though she received no injuries other than a few minor bruises. Had the horse made another step, it is likely that her skull would have been crushed.

The peanut man seems to be little the worse for his narrow escape, but swears that he will move elsewhere. Charles Becker, the policeman, who, with Handerkin, was instrumental in effecting the rescue, is reputed to be the champion pistol shot of America, and is one of the best liked men on the force. Miss Hartkop came within a few votes a couple of years ago of becoming queen of the carnival at Idora Park.

## DANCE OF THE JUNIOR CLASS

One of the Most Successful Events of the Season Held at Hearst Hall.

BERKELEY, Feb. 1.—Probably the most successful dance of the season was held last night in Hearst Hall under the direction of the junior class. Only members of 1908 were present, and the affair was entirely of an informal nature, no tuxedos or dress suits being in evidence.

The affair was in charge of Leslie Einstein and Lewis A. McArthur as floor managers. Dancing began at 8 o'clock and the merry-making ceased at 12 sharp.

## ARRANGE FOR GREAT DEBATE

State University Students Will Accept Stanford's Challenge.

BERKELEY, Feb. 1.—Acting upon the challenge recently received from the Stanford freshmen, the 1910 debaters met last night in Stiles hall to decide upon the most advisable course to follow. They unanimously voted to accept the challenge, and so the first freshman intercollegiate debate will probably be held this year.

A committee composed of Wedell Foss, chairman, M. Salzman and H. E. Savage was appointed to make arrangements for the debate and to petition the executive committee of the Associated Students to grant a date for the contest. The freshmen met to ask to have it take place on the night of the track meet with the Stanford babies.

The action of the committee will probably be influenced by the attitude of the class towards the debate. If the latter support their speakers and vote the necessary financial support, which will include \$35 for a coach, besides the incidentals, the debate will be held.

The society elected the following officers for this semester: President, J. G. Sweet; vice-president, J. A. Baer; secretary, M. Salzman; treasurer, H. R. Bergh; executive committee, representative, W. Foss.

After the election, the members adjourned to the Sign of the Bear at the expense of the society.

## ANOTHER REALTY COMPANY FORMED

## HONOR SYSTEM IS DISCUSSED

Seniors of University Would Like to See It Go Into Effect.

BERKELEY, Feb. 1.—A discussion on the merits of the honor system at examinations took place at senior singing last night, on North Hall steps. A resolution was passed expressing the desire of the senior students at the University to see the system go into effect.

## OFFICERS OF LE CERCLE ELECTED

BERKELEY, Feb. 1.—Officers of Le Cercle Francais of the University of California were elected Wednesday evening at the regular meeting of the French society at the Delta Delta Delta house as follows: President, H. H. Hart, '08; vice-president, B. L. Wallace, '08, and secretary-treasurer, F. Artigues, '08. A. J. Childs, the retiring president, turned over \$200, which was realized from the French club play last year, for the use of the students' infirmary.

## ASKS TRIAL OF BATTERY CASE

Margaret McAndrews Would Have William Cohen Prosecuted.

ALAMEDA, February 1.—Margaret McAndrews, the domestic who alleges that she was beaten and kicked by William Cohen, has asked that the battery case be set for trial. Mrs. McAndrews has been to see Justice Johnson a number of times, so that her case could be heard.

The battery is said to have taken place at Fernelde, the Cohen home in Alameda. William Cohen is a son of the late A. A. Cohen and a brother of Mrs. Charles Lyman Bent.

## GERMAN-AMERICANS WILL ORGANIZE

ALAMEDA, Feb. 1.—An order of Hermann's Sons is to be instituted in this city this evening by twenty German-American residents. The charter has been obtained and the installation will take place tonight.

## PROFESSOR IS WELL PLEASED

Dr. Loeb Enthusiastic Over Experiments That Are to be Conducted.

MONTEREY, Feb. 1.—Professor Jacques Loeb, who went up to Berkeley for a short visit, has returned with his assistant to conduct some important experiments in the laboratory in New Monterey.

These experiments are designed to have a bearing upon his search for the secret of existence—the mystery involved in the origin of life. Professor Loeb is preparing material for bulletins on the subject, and these are soon to be issued from the presses of the university printing office.

Dr. Loeb is enthusiastic over the new marine laboratory to be established at China Point. He declares that conditions there are perfect for the study of marine life, and the conducting of such delicate experiments as his own in the field of biological research.

We either own or are exclusive agents for all property we offer for sale. We guarantee to make deliveries at prices quoted.

### SPECIALS

**\$46,000** 3-story building, full basement, less than one year old. Located  $1\frac{1}{2}$  blocks from 11th and Broadway. Leased for 3 years at an average rental of \$360 per month net. The location of this property guarantees its steady increase in value and at the same time brings a handsome income on the investment. The building being new, no repairs will be necessary for many years.

Being inside the fire limits, surrounding improvements must all be made of brick, which is very advantageous to this property.

Call at our office and let us show you this substantial investment. The property will carry a good sized loan and plenty of time will be given for search of title.

**\$40,000** Northwest corner of 24th and San Pablo, 60x100 feet with good one and two story improvements, now renting for \$240 per month with no leases. The many substantial improvements now being made in this neighborhood and the great demand for property here is rapidly forcing up prices. It will soon be impossible to get a good corner in this section for less than \$1000 per foot.

**\$35,000** 50x100 feet fronting on 10th Street, 150 feet from Washington. Permit has been issued for a 3-story modern brick building, between this and the Owl Drug Store, making solid business improvements through to Washington. Nothing else in this neighborhood is offered at anywhere near the price and before the adjoining building is up, we fully believe this property will sell for \$1,000 per foot. Suitable for business building or rent of old improvements will pay bank interest. We will pay the purchaser \$500 for a 60 days' option on this property at \$40,000.

**\$37,500** Splendid income property on S.W. Corner of Harrison and 6th streets. Improvements consist of three 3 story flat buildings with a total of fifty rooms. These buildings are under a ten year lease at \$300 per month. Guaranteed by collateral security to the amount of \$10,000. The ground 100 feet square, is not entirely covered by the present buildings. Consider the amount of ground, improvements, income and location. Where else can you do as well for the price?

**\$23,500** Only \$235 per foot for improved property fronting on Ninth street, near Alice, renting for \$200 per month, old rates.

**\$28,000** Buys a big corner 100 feet square on 11th and West. Present improvements bring bank interest. This location is fast becoming good for business purposes. To buy, means to make money whether you hold, sell again or improve.

**\$14,300** On 8th Street between Brush and West, we have a very nice little investment in a modern two-story flat building, containing four flats of six and seven rooms. These flats are very desirable and constantly rented at \$137.50 per month. The building is in very good shape, well located and close in. Ground is 50 x 100 feet.

**\$15,000** Corner on Telegraph and 28th, present building renting for \$75.00 per month with room for another building on the corner. Lot 39x123 feet. Someone should buy this quick and make money on it.

**\$5,500** Another good one on Telegraph Lot 40x106 feet east front, about fifty feet south of 30th.

**\$4,000** 1119 11th Ave. (between East 12th and East 14th Streets), 8-room house and ground 50x150. This is just off 14th Street and will make good business property. The lot is almost worth the money asked. This is a real pick-up for someone.

**\$6,700** for this property on 14th and Fruitvale. House was built three years ago for a home, and is modern and well built in every way. Seven large rooms, pantry, bath, etc. Ground 49x130 feet with excellent surroundings. This is a fine place for the money.

**\$5,800** Must be sold to close an estate. Price has just been reduced from \$6000. Two-story seven room, modern home on Montecito avenue overlooking Lake Merritt. High ground with excellent marine view. Ground 35x130 feet. This is a fine neighborhood, close in, and a good place to invest, either for home or income.

MANY CONTESTANTS ARE IN THE FIVE FIGURE ROW Special Voting Offer Proves Great Aid to Those Striving for the Tribune Prizes.

Votes are coming in for the various contestants in an amazing way and already several candidates have gone up into the five figure row as the result of their taking advantage of the special offer of 2000 extra votes given on a paid-up yearly subscription. Only four days remain to secure the extra votes as Monday, February 4 is the last day on which the certificates of 2000 votes will be given. It is not necessary to turn in all these special certificates as they can be held until 10 o'clock p. m. February 28. Hustle among your friends and get their subscriptions for something may prevent your seeing them the last day thereby losing 2000 votes for every yearly subscription. No better offer will be made during the final days as some seem to think, so get there now or else you will be the loser of 1000 votes on each subscription. Don't delay, but get down to good hard, active work and win the TRIBUNE prize which you will well be proud of. Miss Laura Jorgensen, one of the popular young ladies, headed the list of fair ones competing for the fine piano in yesterday's standing, and promises to lead a merry chase until the close of the contest. Miss Lillian Graham holds third place now, but is working with a will to capture first honors from the Oakland fair ones. Miss Genevieve Summers, of the college town young ladies, in yesterday's standing led by nearly 5000 votes. She is making an active canvass among her many friends which will make telling gains in her standing in the next few days. John Wallace of the popular conductors led "Pop" Jorgensen by nearly 3000 votes yesterday, which means that their race is becoming warm. George M. Smith, A. M. Smith and George Donnell must be using transfers as they change places quite often. George M. Smith says he can win and is after the votes and subscriptions.

FEEBLE OLD PEOPLE Are Much Benefited by the Use of Vinol.

Hundreds of old people right here in Oakland need just such a strength maker and body-builder as our delicious cod liver preparation, Vinol, and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will invigorate every organ in the body, stop the natural decline, and make them well, vigorous and strong. If you want to know how an aged, feeble, disheartened man or woman may be made active, cheerful and vigorous, read this letter. Mrs. Catherine Therer, of Albany, N. Y., writes, "Six months ago I felt that I was broken down by age, and I was doomed to the weak and feeble condition of old people. The slightest exertion tired me and I had no strength. My daughter brought me a bottle of Vinol. I soon felt an improvement. I continued its use, and am now well, cheerful, and stronger than I have been for years. In fact, I feel ten years younger. Vinol is not a stimulant which reacts on the system but it is a genuine cod liver and non-toxic which in a natural manner makes rich red blood and replaces weakness with strength. We wish every old person in Oakland would try Vinol on our offer to return money if it fails. The Owl Drug Co., Note—While we are sole agents for Vinol in Oakland, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

FASTIDIOUS WOMEN consider Paxtine Toilet Antiseptic a necessity in the hygienic care of the person and for local treatment of feminine ills. As a wash its cleansing, germicidal, deodorizing and healing qualities are extraordinary. For sale at Druggists. Sample free. Address The R. Paxton Co., Boston, Mass.

ALL-DAY SESSIONS TO KEEP GIRLS FROM SKATING RINK San Francisco Board Believes Pastime Is Detrimental to Their Moral Welfare.

I think the skating rinks are not proper places for young girls to attend without their parents or other chaperon.—DR. A. W. SCOTT, Principal Girls' High School. I certainly do condemn the practice of young girls attending the skating rinks without the proper attendance of some older person.—FRANK MARTIN, Principal Lowell High School. I wholly disapprove of young girls being allowed to go to such places.—JUDGE FRANK MURASKY. SAN FRANCISCO, Feb. 1.—To prevent young girls from going to skating rinks, the Board of Education will hold all-day sessions instead of half-day sessions of the public schools. This action grows from a conviction that attendance at rinks is detrimental to the moral welfare of the girls. The attention of the Board of Education was called to the moral danger of the skating rinks by the fact that Judge Murasky of the Juvenile Court has attributed the ruin of two young school girls, fifteen years old, to attendance at the skating rinks. At the request of President Lawrence P. Walsh, Dr. Scott of the Girls' High school made an investigation into the matter, and the result of his report, supplemented by the report of some of the best physicians in the city, is that roller skating is dangerous to the moral welfare of young girls and boys. ALL-DAY SESSIONS SOON. Dr. A. W. Scott, principal of the Girls' High school, also approves the resolution taken up by the Board of Education to adopt the double session system and believes that it will be the means of abating the perils of the young girls of the city who are tempted at the skating rinks. He said: "I think the skating rinks are not the proper places for young girls to attend without their parents or other chaperon. The action of the School Board and the Board of Supervisors in the prevention of indiscriminate attendance of young girls is well taken." BOARD TO ACT. At the meeting yesterday the Board of Education decided to proceed with the construction of more school buildings without further delay, whether the money for the construction of such buildings is forthcoming or not. Frank Morton, principal of the Lowell High School, said: "If I certainly do condemn the practice of young girls attending the skating rinks without the proper attendance of some older person. On school afternoons I would not approve of it whether or not with or without such attendance. Under the present system of our schools we have been able to hold only half-day sessions. This has given the pupils a freedom which they would not have if double sessions were being held at the school. I consider that my pupils after the forenoon sessions should spend the afternoon—or a greater part of it—at least—at their studies when they reach home. To waste the entire afternoon at skating rinks, especially if those places have come under the ban of the better classes of society because of circumstances that have shown them to be conducive of immorality, I think is entirely wrong and should be prevented." Judge Murasky of the Superior Court, in his capacity of Juvenile Judge, claims to have personal knowledge of cases where girls as young as sixteen years of age had been enticed from the skating rinks by unscrupulous boys and men and taken to lodging and rooming houses in different parts of the city, where their ruin was accomplished under the most revolting circumstances. JUDGE MURASKY'S VIEWS. "I wholly disapprove of young girls being allowed to go to such places," said Judge Murasky. "Under no circumstances should they be allowed to frequent the skating rinks unattended by older persons, and if I were to frequent the skating rinks unattended by older persons, and if there is no more to be condemned than any other form of amusement in a public place that is decent and maintained in strict regard to the safety of the morals of young men and women. I believe the Board of Supervisors now has under consideration an ordinance prohibiting girls under sixteen years of age attending the rinks, which I think is a very good one."

Eastern Representative Holds His Job Big Sale That Squared Him With the Local House. Had not THE TRIBUNE been able to make good on the announcement made exclusively through its columns a few days ago, the Eastern buyer for the R. A. S. Outfitting Company would have had to seek employment elsewhere. The gentleman flooded the local store with a "snap pickup" of 300 suits that were closed out at a ridiculously low price to make room for new goods. The first announcement made in these columns converted this store into a veritable bargain-counter scene. The management were highly gratified with the enthusiasm shown notwithstanding the sale was a profitless occasion. Piedmont Floral and Seed Co. Always have a fresh supply of choice cut flowers. ## WOULD REDUCE THE SALARY OF ASSESSOR

### Alameda Delegation Takes Up Proposition to Cut Down the Fees That Go to Dalton.

Special to THE TRIBUNE.

SACRAMENTO Feb. 1.—Assemblyman Walsh of Oakland acting as chairman of and for the Alameda county delegation in the Assembly introduced a bill in the lower house this morning repealing subdivision 10th of section 160 of the county government act which was passed at the legislature two years ago and in its stead restores the subdivision as it read before the change was made.

#### CLAIM OF DELEGATION

The members of the delegation claim that the amendment of two years ago was made for the purpose of enabling County Assessor Dalton to receive a commission for the collection of poll tax and in allowance of \$400 as the salary of an assessor. They also claim that the fee on which Mr. Dalton has enjoyed from the source mentioned, added to his salary of \$1000 per year, has given him a revenue of \$1400 and \$1000 per year. They further state that this is unfair to the other officials of the county who are paid to work throughout the year for the same amount and that their equal salary. The measure in question is said to have passed the delegation in question in the same condition that it was in before it came to the session of the legislature.

Speaking for the delegation, Assemblyman Stinson told THE TRIBUNE correspondent that the measure was introduced by the delegation and was not to be attributed to any member. Nearly all of the members he said had worked in one way or another in the preparation of the bill. Neither was the subject introduced because of prejudice, but it was the part of a job of the delegation toward the assessor. All of the members were personal friends of Mr. Dalton.

#### ESHELMAN'S VIEWS

Assemblyman Eselman of Berkeley said he had no feeling against Mr. Dalton in his support of the measure. He said that the position of county assessor he would himself have introduced a bill to cut down under consideration for the purpose of cutting off the revenue from Dalton of which it is now proposed to deprive Dalton.

Other members of the delegation held that they had no opinion on the matter. It is accepted by the delegation for Assemblyman it the basis of the Republican party of Alameda county they had placed it in the hands of the delegation to support the proposition. The party and one of the planks in the platform called for the amendment of the law which had been changed as above referred to.

#### SOURCES OF INCOME

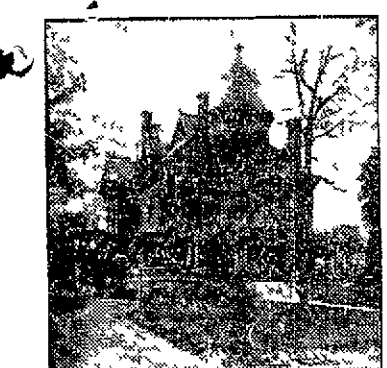

In the caucus of the committee which was held yesterday afternoon and over which Assemblyman Walsh presided it was decided that the measure should be allowed to go on. It was made also a rough estimate of the revenue which it was alleged Mr. Dalton enjoyed under the present law, but nobody in the absence of the assessor and in the absence of figures on the subject could touch for his conclusions.

It was generally asserted however that the assessor in question had been benefited in the following way: His salary \$4000 per year, commission of fifteen per cent of the collection of poll taxes of which it was guessed that \$1000 were collected annually, commission of six per cent on per-

## Mrs. Cora B. Miller Makes a Fortune

Started a Few Years Ago With No Capital and Now Enjoys Nearly One Hundred Thousands and Stenographers

Until a few years ago Mrs. Cora B. Miller lived a humble life in a small town in the north. She was a stenographer and was considered one of the most successful business women in the United States.

Mrs. Miller's New Residence Earned in Less Than One Year

Several years ago Mrs. Miller began to accumulate money and she began to invest it in real estate. She began to buy land in the West and she began to build houses. She began to make a fortune and she began to live in a large house.

More than a million women have used Mrs. Miller's method and they have all made a fortune. They have all followed her plan and they have all succeeded. They have all made a fortune and they have all lived in large houses. They have all followed her plan and they have all succeeded. They have all made a fortune and they have all lived in large houses.

## NO CASH FOR SON'S RETURN

### Father Says 25 Cents Is Enough for Runaway Boy's Expenses

ALAMEDA, Feb. 1.—A man named King residing at Hollister reported to the police here last night that he had a boy at his home in the country town the son of James Earl of 800 Pacific avenue. King asks that he be allowed \$20 expenses to return the boy to his home here. The father stated in answer that the boy had but 25 cents to get to Hollister and that he thought the boy should be able to return on the same amount.

Mrs. Cameron of 2221 Clinton avenue thought a burglar was attempting to enter her home last night and telephoned to the police station for an officer. Detective Wasmuth answered the call and found a dog under the front steps of the Cameron home making the noise that Mrs. Cameron had mistaken for that of a human intruder.

Harry and Everett Langley who state their residence to be Los Angeles, were arrested this morning while attempting to dispose of a gold ring. The ring was being detained at the local police station until the police can look into their records.

## LEVEE BREAKS; PEOPLE FLEE

### One Section of Memphis, Tenn., Now Is Under Two Feet of Water.

MEMPHIS, Tenn., Feb. 1.—Many people are moving from their homes in the northern part of this city as a result of a break in the protection levee built by the city of Memphis one year ago.

The levee gave way early today and the district north of Poplar boulevard and west of Fourth street is now under two feet of water. If the river reaches a stage of forty-one feet, which seems probable today, a larger area near the river will be flooded.

A steady rain was recorded in the vicinity of Memphis last night. The river this morning marks 39.5 feet.

#### ACTIVITY URGED IN COMING CAMPAIGN

West Side Civic Federation met in Menlo Park last evening and passed the following resolutions: Resolved That we recommend to the citizens of Oakland the organization of a strong permanent central committee to work along the lines that proved so successful in Chicago by making an investigation of all candidates upon all city elections by keeping careful history of the career and conduct of office holders by printing reports for general distribution by keeping a record of its investigations in short by furnishing for political purposes a series of reports containing in purpose and value to the community report issued by Dunn and Black set.

Resolved That we call upon all good citizens to take in active part in the coming campaign and to vote for the best man irrespective of party affiliations.

## THOUGHT FOE PURSUED HIM

### Fred Cani Leaps From Apartment House to the Street Below.

An imaginary foe pursuing him Fred Cani ran to the front of the apartment house at Fifth and Jefferson streets and leaped to the sidewalk from the second story at a late hour last night. His cries summoned the police and the patrol wagon was called to remove the sufferer to the receiving hospital where Dr. Irwin found that Cani had sustained a fracture of his right ankle.

The injury was not the only cause of suffering for Cani and the D. T. so badly that he had to be strapped down while the fracture was being set. He was still looking for snakes and creep animals this morning. He will be removed to the County Hospital and is a barkeeper.

## TAKES BODY FROM MINE

### Remains of 24 Injured at Charleston, W. Va. Have Been Recovered.

CHARLESTON, W. Va., Feb. 1.—Twenty-four bodies all injured beyond recognition have been taken from the Starn mine and are expected that by this afternoon it will be possible to get most of the other fifty bodies which are in the mine.

About thirty bodies is the estimate of the number at the bottom of the shaft and all of these are being removed today. The officials believe the total number in the mine will be between seventy-five and eighty.

#### ROOSEVELT VALUES HIS PEACE PRIZE

CHRISTIANA, Norway, Feb. 1.—In a letter to Foreign Minister Lovland who is president of the Nobel Committee in Christiania, Roosevelt, who has won the peace prize, wrote that he will value the diploma and medal so long as he lives and that his death they will be as high a prize as his children.

#### MISS MAUDE COHEN DIES IN ALAMEDA

ALAMEDA, Feb. 1.—Miss Maude Cohen, a well-known musical critic and artist, died last night at the Alameda hospital after an illness extending over many weeks. Her death was not unexpected as her ailment was very serious. Miss Cohen had been a resident of this city for many years and resided with her mother and sister on Clara avenue near Ninth street. She was a sister of Mrs. H. S. Cohen, a teacher at the local high school.

#### CAPITALIST REGAN HAS PASSED AWAY

ALAMEDA, Feb. 1.—Thomas G. Regan, a noted capitalist, sixty-nine years of age, who came to this city, died last night at his home, 100 Grand street. Regan is survived by a widow and three sons, Alfred, Edgar and Paul Regan. He was a native of London, England.

#### THREE OF BRITISH SHIP'S CREW SAVED

LONDON, Feb. 1.—A life boat from the British ship "Hesperus" rescued three of the crew of the British steamship "Leviathan" which was wrecked off the coast of the Azores including Captain Scott. The bodies of nine Levis were found off the coast of the Azores and were thrown overboard, making the total number twelve.

# Danderine

## GREW THIS HAIR AND WE CAN PROVE IT.

**MISS MARMARA HENRY, CHICAGO.**  
5036 Forrestville Ave., Chicago.  
Miss Henry says: "Before I began using Danderine my hair was falling out in great handfuls and I am pleased to say that Danderine not only stopped it at once but has made my hair grow more than twice as long as it ever was."  
Mrs. Elsie Anderson, Little Rock, Ark. says: "It is surely remarkable the way Danderine improves the hair. It has made my hair grow ten inches longer in five months and it is getting thicker and longer all the time. I believe in giving praise where it is due and you can use my name as reference if you care to."

**MISS SELMA HANSELL, CHICAGO.**  
2738 North 43rd Court, Chicago.  
Miss Hansell says: "My hair would not reach below my waist when I began using your Danderine. It was also faded and split at the ends. Now it is over 5½ feet longer than it ever was and it has regained its original rich blond color. I used the tonic about four months all together."

**MISS KATE HENRY, CHICAGO.**  
215 Mohawk Street, Chicago.  
Since it has become generally known that "Danderine" causes hair to grow just as abundantly as the head is desired, it does on those of matured persons, many truly marvelous cases are coming to our notice. Miss Selma Hansell, whose photograph appears above, is certainly one of the remarkable ones. Her beautiful hair is over thirty inches long and her mother says that "DANDERINE GREW EVERY BIT OF IT."

**DANDERINE** is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, fertilizing and life-producing properties cause the hair to grow abundantly long, strong and beautiful. **IT IS THE NATURAL FOOD OF THE HAIR, SCIENTIFICALLY CHARGED WITH NEW AND GENUINE LIFE-PRODUCING ESSENCES UNNEEDED BY OTHER MAKERS OF HAIR TONIC.** NOW at all druggists in three sizes, 25 cents, 50 cents and \$1.00 per bottle. To show how quick Danderine acts, we will send a large sample free by return mail to anyone who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and ten cents in silver or stamps to pay postage.

LATEST NEWS FROM NEVADA GOLDFIELDS

Geologists who are familiar with Searchlight, Nev., say that the Nature's marvelous generosity may be attributed not only to the depositing of free-milling gold ore in the world, but also the reversal in the interests of man of the conditions that usually govern the formation of ores below the water level.

THE COST IS GREAT. This involves the transportation of the base ores to distant points where smelters are located at a cost that is often so great that the mines cannot be worked at a profit.

TRACKS WOULD  
RUIN BUSINESS

Claim Made to Council by the  
Protestants Against Railway  
Franchises.

A new phase last night entered into  
the discussion before the City Council  
in regard to the applications of the  
Western Pacific Railway, the San  
Francisco, Oakland and San Jose Rail-  
way and the Santa Fe Railway for  
franchises to construct and operate in-  
dustrial lines on Wood street, in West  
Oakland, as protests were entered by  
manufacturers along the thoroughfare,  
who have industries located south of  
Twenty-second street, alleging that the  
using of the street by the different rail-  
ways will be a detriment to these con-  
cerns.

Burke Corbet of the California Door  
and Sash Company represented the  
protestants. He said:

CORBET'S PROTEST.

"The placing of the tracks in the  
street will mean that we will have to  
go out of business, as our hauling will  
be impeded by the two freight lines  
running in front of our factory. The  
space between the curb and tracks will  
not allow the passage of teams, which  
will be detrimental to our interests."

The protest will be given further  
consideration at another meeting which  
will be held two weeks from last night.  
No argument in regard to the granting  
of the franchises was reached at the  
meeting last night.

Meantime the representatives of the  
several companies will meet and en-  
deavor to arrive at an agreement in  
regard to the demands of the council  
that Wood street be macadamized by  
the applicants and that electric lights  
be maintained at all street crossings.  
The companies object to these de-  
mands, however, but the councilmen  
are insistent, and a hitch is likely to  
occur.

GOULD ATTORNEY.

Attorney Snook, representing the  
Western Pacific, began last night's dis-  
cussion before the committee, stating  
that the companies had agreed on all  
propositions presented by the council  
in regard to the laying of the tracks,  
open switches and spur track priv-  
ileges, but he asserted that they would  
not agree to macadamize the street.

President Fitzgerald also asked that  
the companies consider placing electric  
lights at each crossing.

A draft of an ordinance, which con-  
tains most of the demands of the coun-  
cil committee, has been drawn up by  
the attorney of the applicants, and its  
legal phases are now being considered  
by City Attorney McElroy.

Attorney Snook filed maps with the  
council, showing the placing of the  
tracks in the center of the street, north  
of Twenty-second street, and on one  
side of the street.

Transfer From Residence Sec-  
tions Planned by Police  
Board.

SAN FRANCISCO, Feb. 1.—The  
tenderloin district of this city will  
shortly be transferred from the resi-  
dence and business sections to the  
desolate area of what was once China-  
town. This decision has been arrived  
at by three of the member of the  
Board of Police Commissioners and is  
likely to go into effect immediately.  
Commissioner Creswell alone remains  
belligerent to the scheme, asserting  
that no partially should be shown in  
the matter of correcting the moral  
tenor of the community, and that vi-  
olations of the law forbidden in one  
section should not be tolerated in an-  
other.

PROBE FOR  
COTTON DEALS

House Committee Will Look Into  
Causes of Great Fluctua-  
tions in Commodity.

WASHINGTON, Feb. 1.—By unani-  
mous vote the House committee on in-  
terstate commerce and foreign com-  
merce today decided to make a favor-  
able report for an investigation of the  
cotton exchanges of the country. The  
report is an amended form of the Liv-  
ingston and Burleson resolutions and  
extends the investigation to all cotton  
exchanges dealing in futures.

Representative Lovering, who will  
report the bill for the committee, said  
today that the New York and New Or-  
leans exchanges are the two principal  
ones dealing in futures, but that the  
Memphis and St. Louis exchanges also  
have some dealings of that sort.

The resolution as it will be reported  
follows:

Resolved, that the Secretary of  
Commerce and Labor, through the bu-  
reau of corporations, be and is hereby  
requested to investigate the causes of  
the fluctuations in the price of cotton  
and the difference between the market

DANDELION

unequalled for the cure of dyspepsia  
and all stomach trouble.

Guaranteed under Food and Drug Act, June 30, 1906, serial number 3517.

It is the work of the stomach to ferment the food and anything that  
interferes with this process of fermentation may be a cause of dyspepsia.  
Strictly speaking, there are dozens of causes of stomach trouble. The kind  
and quantity of food taken, worry, mental excitement, nervousness, lack of  
proper exercise. It takes many forms, such as acidity (that tired feeling),  
loss of appetite, pain after eating, acidity, flatulence, vomiting, palpitation,  
cramps in the stomach.

Dyspepsia is dangerous, because it has a very marked influence on the  
bowels, the kidneys, and the heart. It should, therefore, never be neglected.  
One or two boxes of Dr. Edward's Compound Dandelion Tablets have  
cured many severe cases of stomach trouble. If you are a sufferer from this  
complaint, buy today a box of this famous, vegetable remedy and enjoy  
your meals the same as you used to do.

# New Building of the Farmers and Merchants Bank

The plans for the new building of the Farmers' and Merchants' Bank are completed, and the work will be commenced at once. The new building which will be modern in every respect, will be erected at the southeast corner of Franklin and Thirteenth streets, fifty feet on Franklin by one hundred on Thirteenth. The new building will cost \$100,000. There will be safe deposit vaults under the main floor. Every modern convenience will be found in this new building. Edson F. Adams is president of the bank and George S. Meredith is cashier.

# OAKLAND SIDES WITH COALINGA

Vast Interests Held in Alameda County Side With Kings and Against Fresno.

(Special to THE TRIBUNE.) SACRAMENTO, Feb. 7.—The spirited fight between the counties of Fresno and Kings, on the part of the one to retain several thousand acres of land and on the other to gain possession of those acres, has closed and the next move will be the report of the joint committee on county government in both houses, and this report will be awaited with a great deal of interest, because the contest has been the warmest which has been witnessed in the legislature since the time that the county of Riverside was formed.

**OAKLAND INTERESTS.** The closing minutes of the session were characterized by the introduction of representatives of Oakland interests in the fight and those representatives took sides with the men from the Coalinga district and warmly supported the idea that Fresno had by her inattention to the necessities of the Coalinga district forfeited her rights and that she was now estopped from striving to retain her hold upon the district because she had not appreciated her possession when she had undisputed control of the section in question.

One of the representatives of Oakland interests was D. M. DeLong, who is the second heaviest stockholder in the M. K. & T. Oil company. Associated with him, among others, are the following residents of Oakland: W. R. Davis, George D. Metcalf, John B. Metcalf, Sam Bell McKee and J. H. MacDonald.

Mr. DeLong said that his company was one of the largest concerns in the Coalinga district and that he knew, of his own knowledge, that the sentiment of the greater part of the people in that section was decidedly in favor of annexation. DeLong also gave denial to a statement to a man named Tom O'Donnell, who had run for the legislature on the Democratic ticket at the last election, to the effect that he was opposed to the annexation proposition. DeLong, in response to questions propounded by Assemblyman Maguire in behalf of the annexationists, said that he had spoken to O'Donnell several times on the subject and that each time O'Donnell had told him that he (O'Donnell) was decidedly in favor of taking the tract in question from Fresno and tacking it onto Kings county.

## W. A. Sherman, D. Ps.

No man is born into the world whose work is not born with him. MR. W. A. SHERMAN, THE ACKNOWLEDGED ADIP AND RECOGNIZED AUTHORITY OF HINDOO PHILOSOPHY, OCCULT MYSTERIES AND PALMISTRY, MAKES A REMARKABLE STATEMENT: "YOUR GREATEST WISH CAN BE REALIZED—YOU WOULD NOT DESIRE A THING YOU WERE NOT CAPABLE OF ATTAINING IT."

I KNOW HOW TO CONTROL AND USE IT TO MY ADVANTAGE FOR YOUR SUCCESS AND MINE. IF YOU WISH TO SUCCEED IN ANY BUSINESS UNDERTAKING CONSULT ME. I can put you on the right road. If you desire to win in love, or be reunited with some one from whom some trouble or estrangement separates you, COME TO ME. I WILL SHOW YOU A BETTER WAY. Life is not half so much of a mystery as some people would have you believe. If you have studied more into Nature's laws and learned the lessons there revealed you would know better why some people succeed and others fail. There is a good reason just the same as there is a reason why water will run down hill more easily than it will run up. I CAN EXPLAIN THAT REASON TO YOU. I AM SUCCESSFUL MYSELF. I do not make this claim in the spirit of a braggart or egotist, but to enable you to appreciate what I can do for you.

The All-Wise Creator did not endow you with high ideas and noble inspirations, desire for happiness and return for that great love craving within your heart without at the same time placing within your reach the means of attaining these desires. If you are in trouble of any kind or not satisfied with your condition in life, come to me and I will make this clear to you. I have helped others. I CAN HELP YOU. ## MABEL DILLING GETS DIVORCE

Extreme Cruelty Is Charge on Which Complaint Is Made.

"My husband tried to compel me to lead a low and immoral life," said Mabel Dilling when she began action for divorce in the Superior Court yesterday against George E. Dilling, an employee of the Penn Oil Company.

The attorney for Mrs. Dilling filed a complaint in which charges of extreme cruelty are made against the spouse, who it is alleged, after accusing his wife of improper conduct with other men, attempted to make her lead a life of shame.

They were married in San Francisco January 24, 1905, and according to the complaint, he immediately charged her with being unfaithful to the marriage vows. He claimed to have learned of her alleged relations with men other than himself and frequently accosted her with vile epithets applied to women of that character.

Mrs. Dilling states on the morning of the earthquake, April 18th, he rose from bed at the time of the shock and beat her unmercifully, blackening both her eyes and using extremely vulgar language. She asserts that he ordered her to leave the bedroom and avoid his presence.

The complaint alleges that he attempted to coerce her to sell her virtue and go to a house of immoral purposes. Upon her refusal to lead a life of shame, she claims that he beat her severely and called her all the vile names in his vocabulary.

"When I refused to take up the life he wanted me to," said the complainant, "he said he would get rid of me and procure another woman, that I was not fit for him."

Until February 20, the couple resided at 153 Eighth street, but the wife claims that Dilling treated her so harshly that she was compelled to take her fifteen-month-old daughter, Margaret Maxine, and leave the house. She says that her husband earns \$18 a week at the Penn Oil Company, and that she should be awarded enough to offset the costs of the suit being brought about. Mrs. Dilling obtained a restraining order for her husband's wages for the five weeks ending February 5th. The complaint asks for \$30 a month alimony, \$100 attorney fees and \$25 costs. She also asserts that Dilling is not a fit person to have the custody of the baby daughter, so asks for the care of the child.

## SENDS LETTER TO GOVERNOR

Few Suggestions About Making New Insurance Laws.

The following letter has been sent to the Governor: "San Francisco, February 4, 1907. 'His Excellency J. N. Gillett, Sacramento, Cal.—My Dear Governor: Before apprising you of the object of this, I will first offer an apology for thus trespassing upon your valuable time and attention."

The time is now opportune, and I see that many bills are being presented on the subject of our insurance laws. The recent great conflagration, in which more loss was incurred by insurance companies than any previous fire in history, has demonstrated the fact that sound, wise and honest laws both to the assured and the companies are what we want. From my long and continued acquaintance with you, I know that you are anxious to get at the right of this important subject, and I will endeavor to give you a true and honest statement of my experience.

"I found in my dealing with the various companies for the people that the English companies set the pace for all the leading American companies in line. All other foreign companies and a number of our Americans wretched, withdrew or failed. Managers for the companies (English and American) that are classed in the dollar list worked hard and honestly for the people. They thoroughly understand the business, and also as to what laws may be acceptable to their home offices in England, so that they may continue in this field. It would seem to me that they ought to have a voice in the formulating of a new form of policy."

"The New York Standard form seems to be universally preferred by the companies, with the privilege of riders. The advantages of the New York standard policy are as follows: "First—All policies would be uniform."

"Second—All clauses have been passed on time and time again by the courts and precedents established and published, which can be obtained and used by any lawyer."

"Third—The New York standard form is more explicit in its language, and, while perhaps not so simple, is more definite when legally construed. Clauses that are vague should be in large type or written in red ink."

"That a recurrence of such cases as that of the Traders' Insurance Company of Chicago, with available assets of \$2,000,000 and writing business to the amount of \$5,000,000 in the congested portions of this city, who did not pay their losses and never will, should be guarded against, and I would suggest a restriction law that a company could not write in any city or town more than a certain portion of the available assets of the company, and that in large cities, certain portions of the city ought to be restricted and small companies limited as to the amount accepted. The Insurance Commissioner could be so empowered."

"A national deposit of \$200,000, clear assets in the hands of trustees or their legal reserve, that is to say for unearned premiums, unpaid losses in the United States and a protection to every state in the Union. A national deposit, of course, would have to be a national issue and recommended by your Senate and Assembly. Very truly yours, JNO. McALLAN, '900 Eddy street."

## WILL BE A GREAT HARBOR

Congressman Knowland Has Great Faith In Our Future.

WASHINGTON, Feb. 7.—Congressman Joseph R. Knowland is very much gratified over the success of the Oakland Harbor measure up to date. In speaking about the matter with a TRIBUNE correspondent he said: "We have been more successful than anticipated. I feel that I have at last reached the position with Mr. Burton that I have been attempting to reach by diplomacy for two years. Recently he went so far as to ask me to help him out on the floor when the bill was up for consideration, and also gave me some confidential verbal messages to carry to Senator Perkins, who is on the Committee on Commerce in the Senate. Considering Mr. Burton's attitude in the past you can, of course, appreciate what this means."

"In my opinion, Oakland Harbor is destined to be the greatest shipping point in the State. The people of Suisun are very much gratified, owing to the fact that the bill was up for consideration, and also gained a survey for Suisun channel in the river and harbor bill. They have been trying to secure government aid for many years."

## HEATERS PLACED IN ROOFS OF CARS

The essential condition in car ventilation is that the heaters should be placed in the roof of the car, and the fresh air introduced through them sufficiently warmed not to be felt as a draft. To determine the air movement and to insure its proper distribution throughout the top of the car, the fresh air from without should be forced by means of a fan through heating coils into a cavity between the roof of the car and a false ceiling, so constructed as to permit the air to freely pass through it. This ceiling will permit the warm fresh air to flow easily downward upon the covered heads of the occupants, thus preventing all noticeable drafts. The passengers will in this way be supplied with fresh air of agreeable temperature, unimixed with the breath which has been projected downward from their nostrils. To facilitate the removal of the air at the floor level and also to aid the movement of the pure air, there should be a false floor formed of a removable grating, that it may be readily cleaned. This should cover an air space through which the vitiated air can be withdrawn by another fan.

**BLUFF CALLED** The hoodling politician entered the editorial sanctum and pointed his diamond-embellished finger at the peaceful editor. "You attacked me outrageously in your last issue," he hissed, "and I have come up here to nail the lie. Understand!" "The peaceful editor only smiled. "My dear sir," he replied, mildly, "it would be impossible for you to nail anything."

"And why so?" blustered the furious boodler. "Because you don't belong to the carpenter's union." And then the official bouncer appeared and escorted the bad man to the sidewalk.

## WEARING OF A UNIFORM

Assembly Votes to Reconsider the Bill Passed Yesterday.

SACRAMENTO, Feb. 7.—After a somewhat lengthy debate the assembly voted yesterday to reconsider the bill passed yesterday prohibiting the wearing of any uniform similar to those worn by the army, navy and national guard. The assembly passed Reddick's bill to prevent the waste and flow of water from artesian wells and Federal's bill regulating the practice of barbering. Johnson's change of venue bill was favorably reported by the judiciary committee.

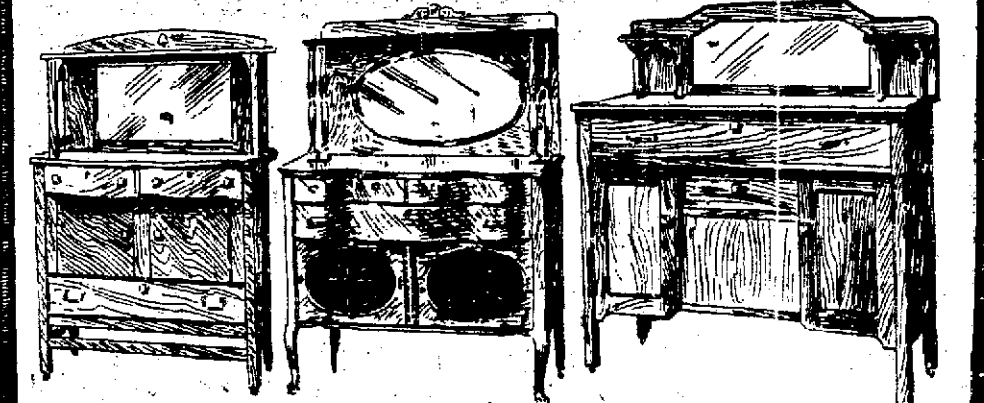

**How to Cure Chills.** "To enjoy freedom from chills," writes John Kemp, East Otsego, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results. Guaranteed for fever sores, indolent ulcers, piles, wounds, frost bites and skin diseases. Twenty-five cents at Osgood Bros' drug stores, Se-enth and Broadway and Twelfth and Washington streets."
